**Item 2. Acquisition or Disposition of Assets**

As reported on Form 8-K dated May 3, 2004, effective April 30, 2004, Pacific Union Bank, a California banking corporation (“PUB”), merged (the “Merger”) with and into Hanmi Bank, a California banking corporation and a direct and wholly owned subsidiary of Hanmi Financial Corporation (“Hanmi” or the “Company”). The Merger was consummated pursuant to an Agreement and Plan of Merger, dated as of December 22, 2003, by and between Company, Hanmi Bank and PUB (the “Merger Agreement”).

In the transaction, Hanmi Financial Corporation paid \$164.5 million in cash to acquire 5,537,431 of the PUB shares owned by Korea Exchange Bank. All of the remaining outstanding PUB shares were converted in the acquisition into shares of Hanmi common stock based on an exchange ratio of 1.1560 Hanmi shares for each PUB share.

This Form 8-K/A amends the Current Report on Form 8-K dated May 3, 2004 to include Item 7. (a) financial statements of PUB as of and for the three-month period ended March 31, 2004 and Item 7. (b) pro forma financial information as of and for the three-month period ended March 31, 2004.

**NOTES TO FINANCIAL STATEMENTS**  
**(Unaudited)**

**1. BASIS OF PRESENTATION**

The accompanying unaudited interim financial statements of Pacific Union Bank ("Bank") have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United State of America for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three months ended March 31, 2004 are not necessarily indicative of the results that may be expected for the year ending December 31, 2004.

**2. EARNINGS PER SHARE**

The following is a reconciliation of the numerators and denominators of the basic and diluted per share computations for the three months ended March 31, 2004 and 2003.

	<b>Net Income (Numerator)</b>	<b>Weighted Average Shares (Denominator)</b>	<b>Per Share Amount</b>

**3. CAPITAL TRANSACTIONS**

The Bank's outstanding number of shares was 10,692,821 at March 31, 2004. The Bank declared cash dividends of \$0.05 per common share on January 22, 2004 and March 25, 2004 payable on February 27, 2004 and April 21, 2004 to all shareholders of record as of February 17, 2004 and April 4, 2004, respectively.

**4. STOCK OPTIONS**

The Bank applies Accounting Principles Board Opinion No. 25, *Accounting for Stock Issued to Employees*, and related interpretations in accounting for its Plan. Accordingly, no compensation costs have been recognized for its stock option plan in the financial statements.

---

## [Table of Contents](#)

Had compensation cost for the Bank's stock option plan been determined based on the fair values at the grant dates for awards under the plan consistent with the fair value method of Statement of Financial Accounting Standards ("SFAS") No. 123, *Accounting for Stock-Based Compensation*, the Bank's net income and earnings per share for the three months ended March 31, 2004 and March 31, 2003 would have been reduced to the pro forma amounts indicated below.

	March 31, 2004	March 31, 2003
Net Income:

## 5. RECENT ACCOUNTING PRONOUNCEMENTS

In December 2003, the Financial Accounting Standards Board ("FASB") issued FASB Interpretation No. 46R (revised December 2003), *Consolidation of Variable Entities*, which addresses how a business enterprise should evaluate whether it has a controlling financial interest in an entity through means other than voting rights and accordingly should consolidate the entity. FASB Interpretation No. 46R ("FIN 46R") replaces FASB Interpretation No. 46, which was issued in January 2003. The Bank is required to apply FIN 46R to variable interest in variable interest entities ("VIE") created after December 31, 2003. For VIEs created before January 1, 2004, the Interpretation will be applied beginning on January 1, 2005. For any VIEs that must be consolidated under FIN 46R that were created before January 1, 2004, the assets, liabilities and noncontrolling interests of the VIE initially would be measured at their carrying amounts with any difference between the net amount added to the balance sheet and any previously recognized interest being recognized as the cumulative effect of an accounting change. If determining the carrying amounts is not practicable, fair value at the date FIN 46R first applies may be used to measure the assets, liabilities and noncontrolling interest of the VIE. The application of FIN 46R is not expected to have material effect on the Bank's financial statements.

SFAS No. 150, *Accounting for Certain Financial Instruments with Characteristics of Both Liabilities and Equity*, ("SFAS No. 150") was issued in May 2003. It establishes standards for the classification and measurement of certain financial instruments with characteristics of both liabilities and equity. SFAS No. 150 applies to instruments entered into or modified after May 31, 2003 and otherwise will be effective as of January 1, 2004, except for mandatorily redeemable financial instruments. For certain mandatorily redeemable financial instruments, SFAS No. 150 will be effective for the Bank on January 1, 2005. The effective date has been deferred indefinitely for certain other types of mandatorily redeemable financial instruments. The Bank currently does not have any financial instruments that are within the scope of this Statement.

In December 2003, the Accounting Standards Executive Committee of the AICPA issued Statement of Position No. 03-3 ("SOP 03-3"), *Accounting for Certain Loans or Debt Securities Acquired in a Transfer*. SOP 03-3 addresses the accounting for differences between the contractual cash flows and the cash flows expected to be collected from purchased loans or debt securities if those differences are attributable, in part, to credit quality. SOP 03-3 requires purchased loans and debt securities to be recorded initially at fair value based on the present value of the cash flows expected to be collected with no carryover of any valuation allowance previously recognized by the seller. Interest income should be recognized based on the effective yield from the cash flows expected to be collected. To the extent that the purchased loans or debt securities experience subsequent deterioration in credit quality, a valuation allowance would be established for any additional cash flows that are not expected to be received. However, if more cash flows subsequently are expected to be received than originally estimated, the effective yield would be adjusted on a prospective basis. SOP

---

[Table of Contents](#)

03-3 will be effective for loans and debt securities acquired after December 31, 2004. Management does not expect the adoption of this statement to have a material impact on the Bank's financial position, results of operations, or cash flows.

**6. SUBSEQUENT EVENT**

As of April 30, the Bank was merged with Hanmi Bank, a wholly owned subsidiary of Hanmi Financial Corporation. Korea Exchange Bank, the Bank's majority shareholder, received \$164.5 million in cash for 5,537,431 shares owned by it. All of the Bank's remaining outstanding shares were converted in the acquisition into shares of Hanmi common stock based on an exchange ratio of 1.1560 Hanmi shares for each of the Bank's shares.

**HANMI FINANCIAL CORPORATION**  
**UNAUDITED PRO FORMA CONDENSED COMBINED**  
**FINANCIAL STATEMENTS**

On April 30, 2004, Hanmi completed its merger with PUB, and Hanmi and PUB combined operations.

The following unaudited pro forma condensed combined financial statements reflect the effects of the merger on the historical financial position and results of operations of Hanmi and PUB. The unaudited pro forma condensed combined statement of income combines the historical consolidated financial statements of Hanmi and PUB, giving effect to the merger as if it had occurred on January 1, 2004. The unaudited pro forma condensed combined balance sheet combines the historical consolidated balance sheets of Hanmi and PUB, giving effect to the merger as if it had occurred on March 31, 2004. We have adjusted the historical financial information to give effect to pro forma events that are directly attributable to the merger, factually supportable, and, with respect to the statement of income, expected to have a continuing effect on combined results. This information has been prepared from, and should be read in conjunction with:

- the accompanying Notes to the Unaudited Pro Forma Condensed Combined Financial Statements;
- the separate historical financial statements of Hanmi as of and for the year ended December 31, 2003 included in Hanmi's Annual Report on Form 10-K for the year ended December 31, 2003; and
- the separate historical financial statements of PUB as of and for the year ended December 31, 2003 included in PUB's Annual Report on Form 10-K for the year ended December 31, 2003.

The unaudited pro forma condensed combined financial statements included in this document are presented for informational purposes only and are not a measure of performance calculated in accordance with generally accepted accounting principles. This information includes various estimates and may not necessarily be indicative of the financial condition or results of operations that would have occurred if the merger had been completed on the date or at the beginning of the period indicated or which may be obtained in the future.

We anticipate that the merger will provide the combined company with financial benefits that include reduced operating expenses. The unaudited pro forma condensed combined financial statements, while helpful in illustrating the financial characteristics of the combined company under one set of assumptions, do not reflect the benefits of expected cost savings or opportunities to earn additional revenue, nor do they reflect business integration costs which Hanmi expects to incur, and, accordingly, do not attempt to predict or suggest future results.

## NOTES TO UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL STATEMENTS

### Note 1 — Basis of Presentation

The merger will be accounted for using the purchase method of accounting.

Statement of Financial Accounting Standards (“SFAS”) No. 141, *Business Combinations*, requires use of the purchase method of accounting for business combinations. SFAS No. 142, *Goodwill and Other Intangible Assets* establishes standards for goodwill acquired in a business combinations and sets forth methods to periodically evaluate goodwill for impairment at least annually. The purchase method of accounting for business combinations requires that the assets acquired and liabilities assumed are recorded at their respective estimated fair values as of the closing date. The excess of the total acquisition cost over the sum of the assigned fair values of the tangible and identifiable intangible assets acquired, less liabilities assumed, should be recorded as goodwill and evaluated for impairment thereafter at least annually. Financial statements of Hanmi issued after the consummation of the merger are required to reflect those values, as well as the results of operations of the combined company beginning after the closing date of the merger. Financial statements of Hanmi issued prior to the consummation of the merger will not be restated to reflect PUB’s historical financial condition or results of operations.

The unaudited pro forma condensed combined statements of operations for the three months ended March 31, 2004 give effect to the merger, including the related issuances by Hanmi, in private placement transactions, of 3,947,369 shares of common stock for an aggregate \$71.8 million in cash and \$80.0 million of junior subordinated notes to finance part of the cash portion of the merger consideration, as if the merger had occurred on January 1, 2004. The proceeds from such private placement transactions were used to finance the acquisition of the shares of PUB common stock held by the Trust formed to hold Korea Exchange Bank’s shares of PUB common stock. The Trust held approximately 62% of the PUB shares outstanding.

The unaudited pro forma condensed combined statement of financial condition as of March 31, 2004 gives effect to the merger (including the related planned issuances by Hanmi of additional common shares and junior subordinated notes to finance part of the cash portion of the merger consideration) as if the merger had occurred at March 31, 2004.

We prepared the unaudited pro forma condensed combined financial statements using the purchase method of accounting, treating Hanmi as the acquirer. Accordingly, Hanmi’s estimated cost of approximately \$324.7 million to acquire PUB has been allocated to the assets acquired and liabilities assumed based on their estimated fair values as of the date of acquisition. Any excess of the purchase price over the estimated fair value of net assets acquired has been recorded as goodwill. Independent valuation experts currently are assisting management in determining the value of a substantial portion of these net assets, and preliminary estimates of the fair values of PUB’s net assets have been reflected in these pro forma condensed combined financial statements. However, the final values of a portion of them are dependent upon future events, including the outcome of negotiations with the lessors of various facilities formerly occupied by PUB. The final determination of the fair values of PUB’s assets and liabilities will be completed as soon as possible but no later than one year following the acquisition date.

No estimates of business integration costs or anticipated cost savings, potential revenue enhancements or synergies that Hanmi or PUB expect to realize in connection with the merger have been reflected in the unaudited pro forma combined financial statements. The unaudited pro forma condensed combined financial statements do not reflect the impact of conforming PUB’s accounting policies to those of Hanmi’s, as the impact, if any, has not yet been determined.

### Note 2 — Merger Consideration

Under the terms of the merger agreement, Hanmi issued 6,209,327 shares of Hanmi common stock and approximately \$164.6 million in cash for the 10,908,821 outstanding shares of PUB common stock and existing options held by PUB management and directors to acquire 59,443 shares of PUB common stock. Based on an initial exchange ratio of 1.1560 shares of Hanmi stock, the transaction was comprised of approximately 54.9 percent cash and approximately 45.1 percent stock, and it is contemplated that it will qualify as a tax-deferred reorganization.

**NOTES TO UNAUDITED CONDENSED PRO FORMA COMBINED  
FINANCIAL STATEMENTS — (Continued)**

Based upon the average closing price of \$25.06 of Hanmi's common stock for the period two days before and two days after the April 29, 2004 pricing of the merger agreement, the total fair value of the merger consideration at that date was approximately \$325.4 million, as set forth in Note 3 below.

**Note 3 — Purchase Price and Acquisition Costs**

For purposes of the accompanying unaudited pro forma condensed combined financial statements, the purchase price has been estimated as follows:

	<b>(dollars in thousands, except share price)</b>
<b>Common stock:</b>	
Number of shares of PUB stock outstanding as of April 30, 2004 less shares acquired for cash	5,371,390
Exchange ratio	1.156
	6,209,327
Multiplied by Hanmi's average stock price for the period two days before and two days after the April 29, 2004 pricing of the merger agreement	\$ 25.06
	155,606
<b>Stock options:</b>	
Estimated fair value of 68,707 Hanmi stock options to be issued in exchange for 59,443 PUB outstanding stock options, calculated using the Black-Scholes option pricing model, modified for dividends, with model assumptions estimated as of April 30, 2004 and a Hanmi stock price of \$25.06, the average stock price for the period two days before through two days after the April 29, 2004 pricing of the merger agreement.	1,063
Cash	164,562
Transaction costs – cash	3,320
– stock warrant	145
Total estimated purchase price	\$ 324,696

For the purposes of these unaudited pro forma condensed combined financial statements, the purchase price estimated above has been allocated based on estimates of the fair values of the assets acquired and liabilities assumed. The final valuation of net assets acquired will be completed as soon as possible but no later than one year from the acquisition date. To the extent estimates need to be adjusted, they will be adjusted.

	<b>(dollars in thousands)</b>
Book value of net assets acquired	\$ 113,541
<b>Adjustments:</b>	
Adjustment to record acquired securities at estimated fair value	(1,489)
Adjustment to record acquired loans at estimated fair value	376
Adjustment to record acquired fixed assets at estimated fair value	5,459
Adjustment to record core deposit intangible asset	13,137
Adjustment to record various other assets at estimated fair value	(48)
Adjustment to record interest-bearing deposits at fair value	(264)
Adjustment to record other borrowings at fair value	(789)
Adjustment to record severance benefits associated with the elimination of positions, termination of certain contractual obligations of PUB and other miscellaneous adjustments	(4,512)
Adjustment to record goodwill associated with the acquisition of PUB	199,285
Estimated purchase price	\$ 324,696

**NOTES TO UNAUDITED CONDENSED PRO FORMA COMBINED  
FINANCIAL STATEMENTS — (Continued)**

It is expected that the deferred income tax assets and liabilities will reverse during the periods of, and in proportion to, the amortization/accretion of the related purchase accounting adjustments to identifiable tangible and intangible assets and liabilities. The estimated amortization of this aggregate adjustment is shown as a net adjustment in the attached unaudited pro forma condensed combined financial statements using the straight-line method assuming an expected weighted average life of approximately ten years.

**Note 4 — Pro Forma Adjustments**

- (a) To reflect the cash portion of the purchase price and transaction costs of approximately \$164.6 million and \$2.8 million, respectively, as described in Note 3.
  - (b) To reflect the debt issuance on April 28, 2004 of \$19.9 million in interest-bearing junior subordinated notes to partially fund the cash portion of the merger consideration after issuance cost.
  - (c) To reflect the issuance, in a private placement transaction, of 3,947,369 shares of Hanmi common stock at \$19.00 per share, aggregating \$71.8 million after issuance costs, to partially fund the cash portion of the merger consideration and 239,279 stock warrants at \$19.00 per share issued in connection with the private placement transaction.
  - (d) To reflect 6,209,327 shares of Hanmi common stock issued in exchange for a portion of the shares of PUB common stock and stock options at an exchange ratio of 1.1560 based on the average closing price for the period two days before through two days after the April 29 pricing of the merger agreement of \$25.06. The proceeds from the private placement transactions described in pro forma adjustments (b) and (c) above were used to finance the acquisition of most of the shares of PUB common stock held by the Trust. The shares of Hanmi common stock issued as described in this pro forma adjustment (d) were used to acquire the remaining shares of PUB common stock held by the Trust, as well as all shares of PUB common stock held by all other shareholders, and existing options held by PUB management and directors to acquire shares of PUB common stock.
  - (e) To reflect 68,707 Hanmi common stock options issued in exchange for outstanding PUB stock options.
  - (f) To reflect elimination of PUB equity components.
  - (g) To reflect the preliminary excess of purchase price over book value of net assets to be acquired as described in the preceding Note 3 to these unaudited pro forma condensed combined financial statements, \$207.2 million, including the intangible related to customer deposits of \$13.1 million, and its related income tax effects, \$7,948.
  - (h) To reclassify previously capitalized transaction costs from other assets to goodwill.
  - (i) To reflect in net interest income the estimated amortization of purchase accounting adjustments on interest-earning assets, including loans receivable, net of interest-bearing deposits and other borrowings; to reflect the estimated depreciation of bank premises in occupancy and equipment expense; and to reflect estimated amortization of customer core deposit intangible assets in other operating expenses using the straight-line method over their expected weighted average lives.
- For the purposes of the unaudited pro forma condensed combined statements of operations the straight-line method is used to estimate the amortization of the core deposit intangible asset, because Hanmi management has not yet determined whether another method of amortization is indicated by the pattern of attrition among PUB's depositors. If another method were to be used, the results could be materially different.
- (j) To reflect interest income related to the investment of a total of \$2.5 million in equity securities related to junior subordinated notes, assuming rates based on the three-month LIBOR at December 31, 2003, in accordance with the terms of the agreements dated January 8, March 15, 2004, and April 28, 2004, as follows:

<u>Date</u>	<u>Principal</u>	<u>Three-Month LIBOR</u>	<u>Spread</u>	<u>Rate</u>	<u>Interest</u>
		(dollars in thousands)			
January 8, 2004	\$ 928	1.15%	2.90%	4.05%	\$ 9.5
March 15, 2004	928	1.15%	2.90%	4.05%	9.5
April 28, 2004	619	1.15%	2.63%	3.78%	5.9
	<u>\$ 2,475</u>				<u>\$ 24.9</u>

**NOTES TO UNAUDITED CONDENSED PRO FORMA COMBINED  
FINANCIAL STATEMENTS — (Continued)**

To reflect interest expense related to the issuance of a total of \$82.5 million of junior subordinated notes, assuming rates based on the three-month LIBOR at December 31, 2003, in accordance with the terms of the agreements dated January 8, March 15, 2004, and April 28, 2004, as follows:

Date	Principal	Three-Month LIBOR	Spread	Rate	Interest
		(dollars in thousands)			
January 8, 2004	\$30,928	1.15%	2.90%	4.05%	\$ 317
March 15, 2004	30,928	1.15%	2.90%	4.05%	317
April 28, 2004	20,619	1.15%	2.63%	3.78%	197
	<u>\$82,475</u>				<u>\$ 831</u>

(k) To reflect the decrease in interest income resulting from the decrease in cash in the amount of the excess, approximately \$16.3 million, of (1) the cash portion of the merger consideration, approximately \$164.6 million plus Hanmi acquisition costs of approximately \$3.3 million, (described in Note 3) over (2) the proceeds, \$151.6 million, of the private placement transactions described in pro forma adjustments (b) and (c) above at the fully taxable-equivalent rate of 3.8% for the three-month period ended March 31, 2004, representing Hanmi's weighted average yield on earning assets other than loans during such period.

(l) To reflect the impact of income taxes associated with these pro forma adjustments to operating results at a 39% combined effective income tax rate.

(m) Pro forma earnings per share was calculated using Hanmi's historical shares outstanding for the period presented, in addition to 3,947,369 shares of Hanmi common stock issued in a private placement transaction to partially fund the cash portion of the merger consideration as described in pro forma adjustment (c), and 6,209,327 shares of Hanmi common stock as described in pro forma adjustment (d).

For purposes of determining the pro forma earnings per share amounts, the issuance of shares is assumed to have occurred on January 1, 2004.

	Historical	Pro Forma Adjustments	Pro Forma Combined
<b>For the Three Months Ended March 31, 2004:</b>			
Weighted average basic shares outstanding	14,201,594	10,156,696	24,358,290
Weighted average diluted shares outstanding	14,486,213	10,254,115	24,740,328
