Notice of Annual Meeting and Proxy Statement

A MESSAGE TO OUR STOCKHOLDERS

Dear Fellow Stockholders,

Thank you for your continued investment in Hanmi Financial Corporation. On behalf of the Board of Directors and the management team, we are pleased to invite you to attend the 2025 Annual Meeting of Stockholders, which will be held virtually on Wednesday, May 28, 2025 at 10:30 a.m., Pacific Time.

Continued Focus on Relationship Banking

Since our founding more than 40 years ago, we have built and grown Hanmi Bank by faithfully leveraging our relationship-based banking model. Over the decades, this approach has enabled us to successfully navigate many market cycles, capitalizing on new opportunities and working through challenges, while always keeping our customers' needs front and center. 2024 was no different. We continued to employ this proven model to execute our strategy of expanding and diversifying our customer base and loan portfolio; providing outstanding service, deep banking expertise, and the products and services on which our customers depend.

In today's highly competitive banking landscape, our commitment to fostering lasting customer relationships continues to be a key differentiator and driving force behind our success. This competitive advantage, in combination with our disciplined expense management and prudent credit administration, positions us to deliver greater value to our shareholders over the long term. In fact, last year we generated a total stockholder return of nearly 29%, whereas the S&P Small Cap 600 Bank Index returned just under 15%.

2024 Performance Highlights

Our team executed well throughout 2024, with solid margin expansion, a healthy deposit base, superb asset quality and a robust capital position. During the year, we remained focused on the factors within our control, successfully navigating a dynamic and evolving market environment as we continued to execute our strategy for growth. Key highlights include:

- Net income of \$62.2 million, or \$2.05 per diluted share.
- Further diversification of our loan portfolio driven by a 16% increase in Commercial & Industrial (C&I) loans.
- Deposit growth by 2.5% with an increase in noninterest-bearing deposits, which now account for 33% of total deposits.
- Maintained excellent asset quality reflecting our commitment to high-quality loans, disciplined underwriting and vigilant credit administration.
- Increase of our quarterly dividend in the first quarter of 2025 by 8% to \$0.27 per share, underscoring the confidence we have in our growth strategy and our commitment to delivering stockholder value.

Solid Progress and Execution on our Strategic Growth Initiatives

We made significant strides in diversifying our loan portfolio and deposit franchise—key pillars of our growth strategy. Our C&I loan portfolio grew 16%, driven by strong contribution from our U.S. Korea Corporate (USKC) initiative as well as the acquisition of new relationships throughout our network. We closely managed our commercial real estate (CRE) exposure in line with our ongoing effort to reduce CRE as a percentage of our portfolio over time. We remain disciplined in our underwriting practices as we seek lending opportunities that meet both our high-quality standards and portfolio objectives.

Our USKC initiative continues to be a substantial contributor to our expansion. Our dedicated team of talented bankers builds strong relationships with the U.S.-based subsidiaries of Korean companies. To further strengthen our presence and enhance support for our customers, we opened a Representative Office in Seoul, South Korea. This was an important strategic milestone for Hanmi that will enable us to increase communication with existing customers and expand our outreach to Korean companies looking to establish a footprint in the U.S. Our in-country presence will also allow us to gain broader insight on business activity between the U.S. and South Korea. Additionally, it complements our existing Korea desks located in major markets throughout California, New York, New Jersey, Georgia, and Texas.

Optimizing our branch network is an important part of our diversification strategy. We continue to evaluate opportunities for strategic branch consolidation, relocation and expansion. Our goal is to optimize our branch footprint for both growth and expense management, while ensuring we provide best-in-class banking products and services for our customers. In 2024, we consolidated three branches, one in California and two in Texas. This was a continuation of our program of reconfiguration of our branch network which began with two branch relocations in late 2023. Our efforts have resulted in both cost savings and contributed to loan and deposit growth.

We also continue to develop our Small Business Administration (SBA) loan portfolio. In 2024, our team generated strong growth in our SBA loan portfolio, driving a 25% increase in loan production to \$188 million—surpassing our internal targets. We remain deeply committed to supporting the growth and success of small businesses across the U.S. Our dedicated SBA team provides expert guidance and tailored financial solutions to help entrepreneurs thrive in our core markets. We have added additional talent to our SBA team and we are well-positioned to drive further growth and reinforce our role as a trusted financial partner for small businesses.

Driving Growth Through Technology and Innovation

At Hanmi, we are committed to scaling our technology ecosystem to support future growth while modernizing and simplifying our infrastructure. These actions are designed to enhance our customers' experience, drive operational efficiency and reduce costs.

In 2024, we implemented a new loan origination system to streamline processes and increase efficiency, with full deployment expected to further optimize our lending operations. Additionally, we continue to expand our digital capabilities with two distinct online account opening platforms—one for consumers and another for commercial clients. These advancements will not only help us acquire new customers but also deepen relationships by cross-selling deposit products to existing loan customers beyond our physical footprint.

By investing in technology-driven solutions, Hanmi is strengthening its foundation for sustainable growth while delivering greater value to our stakeholders.

Looking Ahead with Optimism

As a banking organization deeply rooted in the communities we serve, Hanmi is committed to making a lasting impact. In 2024, we significantly increased both the number of loans made and total investment from the prior year. We originated 420 small business and community development loans totaling \$261 million, including \$96 million dedicated to affordable housing, community development, and economic growth. For the second consecutive year, our team members volunteered over 2,000 hours in community service, and Hanmi contributed more than \$400,000 in donations, including Community Reinvestment Act (CRA) contributions. By year-end, we had funded approximately 25% of our \$7.5 million long-term CRA contribution commitment.

As we look to 2025 and beyond, we remain focused on executing our growth strategy and building on the strong momentum we established in 2024. We are excited about the opportunities to further enhance our personalized, relationship-based banking services and products, help our customers achieve their financial goals while continuing to create long-term value for our shareholders.

Thank you for your continued trust and support. We are honored to serve you and look forward to another year of growth and progress together.

Sincerely,

John J. Ahn

PROXY STATEMENT FOR THE ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON MAY 28, 2025

The Board of Directors (our “Board”) of Hanmi Financial Corporation is soliciting your proxy for use at the 2025 Annual Meeting of Stockholders (the “Annual Meeting”) to be held virtually on Wednesday, May 28, 2025 at 10:30 a.m., Pacific Time, and at any adjournments or postponements thereof.

PROXY STATEMENT SUMMARY

MATTERS TO BE CONSIDERED AND VOTE RECOMMENDATION

We are asking stockholders to vote on the following matters at the Annual Meeting of Stockholders:

Proposal	Our Board's Recommendation
Item 1. Election of Directors (page 13) The Board believes that the eleven (11) director nominees possess the necessary qualifications to provide effective oversight of the Company's business and quality advice and counsel to our management.	“FOR” each Director Nominee
Item 2. Advisory Vote to Approve Executive Compensation (“Say-on-Pay” Vote) (page 52) The Company seeks a non-binding advisory vote from its stockholders to approve the compensation of its Named Executive Officers (“NEOs”) as described in the <i>Compensation Discussion and Analysis</i> and <i>Executive Compensation</i> sections beginning on page 20. Your vote is advisory. Thus it will not be binding upon our Board and may not be construed as overruling any decision by our Board. However, the Compensation and Human Resources Committee will take into account the outcome of the vote when considering future executive compensation arrangements.	“FOR”
Item 3. Officer Exculpation Amendment (page 53) The Company seeks approval of an amendment to its Amended and Restated Certificate of Incorporation to limit the liability of certain officers of the Company as permitted by Delaware General Corporation Law. The Board believes it is important to provide not only its directors but also its officers protection from certain liabilities and expenses that may discourage prospective or current officers from serving as officers of the Company.	“FOR”
Item 4. Ratification of Auditors (page 55) The Audit Committee and the Board believe that the continued retention of Crowe LLP to serve as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2025 is in the best interests of the Company and its stockholders. As a matter of good corporate governance, stockholders are being asked to ratify the Audit Committee's selection of the independent registered public accounting firm. If the stockholders do not ratify the selection, the Audit Committee will reconsider whether to retain Crowe LLP. Even if the selection is ratified, the Audit Committee may, in its discretion, appoint a different independent registered public accounting firm at any time during the year if it determines that such a change would be in our and our stockholders' best interests.	“FOR”

QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS AND THE ANNUAL MEETING

Q: Why did I receive this Proxy Statement?

A: You received this Proxy Statement and the enclosed proxy card because we are soliciting your vote at the Annual Meeting. As a stockholder of record of our common stock, you are invited to virtually attend the Annual Meeting, and are entitled and requested to vote on the proposals described in this Proxy Statement. This Proxy Statement summarizes the information you need to know to cast an informed vote at the Annual Meeting. However, you do not need to attend the Annual Meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card by mail. You may also vote by telephone or via the Internet.

This Proxy Statement, notice of the Annual Meeting, and the enclosed proxy card were posted on the Investors Relations page of www.hanmi.com on or about April 16, 2025.

Q: Who is entitled to vote and how many votes do I have?

A: All stockholders of our common stock as of the close of business on April 2, 2025, and only those stockholders, will be entitled to vote at the Annual Meeting. You have one vote for each share of our common stock you owned as of the close of business on the record date.

Q: How many shares are eligible to be voted?

A: As of April 2, 2025, 30,217,915 shares of our common stock were outstanding. Each outstanding share of our common stock will entitle its holder to one vote on each matter to be voted on at the Annual Meeting.

Q: What is the difference between holding shares as a “record” holder and in “street name”?

- A:
- **Record Holders:** If your shares of common stock are registered directly in your name on our stock records, you are considered the stockholder of record, or the “record holder” of those shares. As the record holder, you have the right to vote your shares online at the virtual Annual Meeting or by proxy.
 - **Street Name Holders:** If your shares of common stock are held in an account at a brokerage firm, bank, or other similar entity, then you are the beneficial owner of shares held in “street name.” The entity holding your account is considered the record holder for purposes of voting at the Annual Meeting. As the beneficial owner, you have the right to direct this entity on how to vote the shares held in your account. However, as described below, you may not vote these shares online at the virtual Annual Meeting unless you obtain a legal proxy from the entity that holds your shares giving you the right to vote the shares online at the virtual Annual Meeting.

Q: What is a broker non-vote?

A: Current regulations restrict the ability of your brokerage firm, bank or similar entity to vote your shares, on the election of directors and certain other matters, on a discretionary basis. Thus, if you hold your shares in street name and you do not instruct your bank or broker how to vote in the election of directors, for the advisory vote regarding the compensation of our NEOs or for the amendment to our Amended and Restated Certificate of Incorporation to limit the liability of officers, no votes will be cast on your behalf. These are referred to as broker non-votes. Your bank or broker does, however, continue to have discretion to vote any shares for which you do not provide instructions on how to vote on the ratification of the appointment of our independent registered public accounting firm (Proposal 4 of this Proxy Statement).

Q: What is the required quorum at the Annual Meeting?

A: A quorum for the transaction of business at the Annual Meeting requires the presence, online or by proxy, of the holders of a majority of all shares entitled to vote at a meeting of stockholders. Abstentions and broker non-votes are treated as being present for purposes of establishing a quorum.

Q: What vote is required to approve each proposal at the Annual Meeting?

- A:
1. **Election of Directors.** Directors are elected by a majority of votes cast in uncontested elections. In order to be elected to the Board, the votes cast “for” the nominee must exceed the number of votes cast “against” the nominee.
 2. **Advisory Vote on the Compensation of our NEOs.** Approval, on an advisory basis, of the compensation of our NEOs requires the affirmative vote of a majority of the shares present online or represented by proxy.
 3. **Approval of Officer Exculpation Amendment.** Approval of the amendment to the Company’s Amended and Restated Certificate of Incorporation requires the affirmative vote of two-thirds of the outstanding shares.
 4. **Ratification of Selection of Auditors.** Ratification of the selection of Crowe LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2025 requires the affirmative vote of a majority of the shares present online or represented by proxy.

Q: What is the effect of broker non-votes and abstentions?

- A:
- Abstentions and broker non-votes will be counted for determining a quorum. Your broker, however, will not be entitled to vote without your instruction on Proposals 1, 2 and 3, on the election of directors, the advisory (non-binding) proposal to approve the compensation of our NEOs, and the officer exculpation amendment, respectively.
- Your broker will be authorized to vote your shares on the ratification of our independent registered public accounting firm even if it does not receive instructions from you, and accordingly, broker non-votes will have no effect on this proposal.
- Abstentions and broker non-votes will have no effect on the election of directors in Proposal 1. Abstentions and broker non-votes will have the effect of a vote “AGAINST” Proposal 2 for the advisory (non-binding) vote to approve the compensation of NEOs and “AGAINST” Proposal 3 for the officer exculpation amendment. Abstentions will have the effect of a vote “AGAINST” the ratification of our independent registered public accounting firm in Proposal 4.

Q: How can I vote my shares?

- A:
- If you hold your shares of common stock in your own name and not through a broker or another nominee, you may vote your shares of common stock by the following methods, subject to compliance with the applicable cutoff times and deadlines described below:

You can vote via the Internet using the internet address printed on your proxy card. Internet voting is available 24 hours a day until 11:59 p.m., Pacific Time, on May 27, 2025. If you vote via the Internet, you do not need to return your proxy card.

By Telephone

You can vote by dialing the toll-free number printed on your proxy card. Telephone voting is available 24 hours a day until 11:59 p.m., Pacific Time, on May 27, 2025. If you vote by telephone, you do not need to return your proxy card.

advisory basis, of the compensation of our NEOs, “FOR” the approval of the Officer Exculpation amendment, and “FOR” the ratification of our independent registered public accounting firm, and at the proxy holders’ discretion on such other matters, if any, as may properly come before the Annual Meeting (including any proposal to adjourn the Annual Meeting).

Q: Can I change or revoke my vote after I return my proxy card?

A: You may revoke a proxy at any time before the vote is taken at the Annual Meeting by advising our Corporate Secretary in writing before the vote at the Annual Meeting is taken, by submitting a properly executed proxy of a later date by mail, telephone or via the Internet, or by attending the Annual Meeting virtually and voting online. Attendance at the Annual Meeting will not by itself constitute revocation of a proxy. Any filing with the Corporate Secretary should be addressed to Hanmi Financial Corporation, 900 Wilshire Boulevard, Suite 1250, Los Angeles, California 90017.

Q: How do I attend the virtual Annual Meeting?

A: We have determined that the Annual Meeting will be held solely in a virtual meeting format via the Internet. You will be able to attend and participate in the Annual Meeting online by visiting and registering at www.proxydocs.com/HAFC. See *Virtual Annual Meeting* above for further information.

Q: How will proxies be solicited?

A: In addition to soliciting proxies by mail, our officers, directors, and employees, without receiving any additional compensation, may solicit proxies by telephone, fax, in person, or by other means. Arrangements may also be made with brokerage firms and other custodians, nominees, and fiduciaries to forward proxy solicitation materials to the beneficial owners of our common stock held of record by such persons, and we will reimburse such brokerage firms, custodians, nominees, and fiduciaries for reasonable out-of-pocket expenses incurred by them in connection therewith.

Q: Will any other matters be considered at the Annual Meeting?

A: We are not aware of any matter to be presented at the Annual Meeting other than the proposals discussed in this Proxy Statement. If other matters are properly presented at the Annual Meeting, then the person named as a proxy will have the authority to vote all properly executed proxies in accordance with the direction of our Board, or, if no such direction is given, in accordance with the judgment of the person holding such proxies on any such matter, including any proposal to adjourn or postpone the Annual Meeting.

Q: Are there any rules regarding admission to the Annual Meeting?

A: Yes. You are entitled to attend the Annual Meeting only if you were a stockholder as of the record date, or you hold a valid legal proxy naming you to act for one of our stockholders on the record date. To attend the live webcast, please follow the directions regarding registering online at www.proxydocs.com/HAFC.

Q: Is my vote confidential?

A: Your vote will not be disclosed either within the Company or to third parties, except as necessary to meet applicable legal requirements or to allow for the tabulation and certification of the vote.

Q: Where can I find the voting results of the Annual Meeting?

A: We will disclose voting results on a Current Report on Form 8-K to be filed with the U.S. Securities and Exchange Commission (the “SEC”) within four business days after the Annual Meeting.

CORPORATE GOVERNANCE

Hanmi is committed to sound corporate governance principles and maintains formal Corporate Governance Guidelines and a Code of Business Conduct and Ethics for employees, executive officers and directors. The Corporate Governance Guidelines, the Code of Business Conduct and Ethics and other governance documents, are available through Hanmi's website at www.hanmi.com on the "Investor Relations" page. Any amendments or waivers applicable to an executive officer or director to the Code of Business Conduct and Ethics will also be posted on Hanmi's website.

Corporate Sustainability Matters

The Nominating and Corporate Governance ("NCG") Committee has primary oversight of our efforts to be a responsible corporate citizen in our communities. In order to address opportunities and challenges arising from corporate sustainability matters, the NCG Committee maintains an interdisciplinary subcommittee of directors and officers to discuss how Hanmi directly impacts our stakeholders – our valued employees, customers, and communities. The Corporate Sustainability Subcommittee publishes an annual update on Corporate Sustainability, available on our website under the "Investor Relations" page, which seeks to provide insight into our continuing efforts to stand in partnership with our various stakeholders.

DIRECTOR INDEPENDENCE

Our common stock is listed on the Nasdaq Global Select Market (“Nasdaq”). Under Nasdaq rules, independent directors must comprise a majority of a listed company’s board of directors. In addition, Nasdaq requires that, subject to specified exceptions, each member of a listed company’s audit, compensation, and nominating and corporate governance committees must be independent. Under these rules, a director is independent only if the board of directors of a company makes an affirmative determination that the director has no material relationship with the company that would impair his or her independence.

Our Board has reviewed the independence of each director in accordance with Nasdaq rules and the requirements of the SEC. Based on this review, our Board has determined that all of our directors are independent under the applicable listing standards of Nasdaq, except for Bonita I. Lee, our President and Chief Executive Officer. In making this determination, our Board considered whether there were any relationships that each non-employee director had with us and all other facts and circumstances that the Board deemed relevant in determining their independence.

BOARD MEETINGS AND COMMITTEES

During the fiscal year ended December 31, 2024, our Board held nine (9) joint board meetings with the Board of Hanmi Bank (the “Bank”), the wholly-owned subsidiary of Hanmi. All Board members were present for more than 75% of the aggregate number of meetings of our Board and the committees on which he or she served. Hanmi’s policy is to encourage all directors to attend all Annual and Special Meetings of Stockholders. Hanmi’s 2024 Annual Meeting of Stockholders was attended by all directors.

Our Board has four (4) standing committees: the Audit Committee, the Compensation and Human Resources Committee (the “CHR Committee”), the NCG Committee, and the Risk, Compliance and Planning Committee (the “RCP Committee”). Each committee is governed by a charter, each of which is available through Hanmi’s website at www.hanmi.com on the “Investor Relations” page.

Audit Committee

The Audit Committee reports to the Board and is responsible for overseeing and monitoring financial accounting and reporting, the system of internal controls established by management, and our audit process and policies. Through its oversight of the audit function, the Audit Committee ensures compliance with laws and regulations.

As outlined in its charter, the Audit Committee has the following responsibilities, among others:

- Assist the Board in fulfilling its oversight responsibilities for the financial reporting process, the system of internal controls, the audit process, and Hanmi’s process for monitoring compliance with laws and regulations and the code of conduct;

- Review and approve the general scope of the annual internal audit plan and associated budget.

The Audit Committee held twelve (12) meetings during the fiscal year ended December 31, 2024.

The CHR Committee assists the Board by overseeing the compensation of Hanmi’s executive officers, including Hanmi’s Chief Executive Officer, as well as administering Hanmi’s compensation plans. As outlined in its charter, the CHR Committee has the following responsibilities, among others:

Risk, Compliance and Planning Committee

As outlined in its charter, the RCP Committee provides oversight of the enterprise risk management framework, including the strategies, policies, procedures and systems established by management to identify, assess, measure and manage the significant risks facing the Company. It also oversees strategic planning generally and recommends new lines of business and the budget to our Board.

The RCP Committee held eight (8) meetings during the fiscal year ended December 31, 2024.

BOARD LEADERSHIP STRUCTURE

The Board is committed to having a sound governance structure that promotes the best interest of Hanmi stockholders. Our leadership structure includes the following principles:

- We believe that annual elections hold the directors of the Board more accountable to our stockholders.
- All of the current directors are independent, except for Bonita I. Lee, our President and Chief Executive Officer. The Board has affirmatively determined that the other directors nominated for re-election are independent under applicable SEC and Nasdaq corporate governance rules.
- We have separated the positions of the Chairman of the Board and Chief Executive Officer to ensure the independence of the Chairman. The Chairman focuses on board oversight responsibilities, strategic planning and mentoring Company officers. The Chairman also periodically represents the Bank at public functions. John J. Ahn

serves as the Chairman. The Chief Executive Officer focuses on the development and execution of Company strategies.

- We also maintain a Vice Chairman of the Board, who is an independent director exercising all the powers and discharging all the duties of the Chairman of the Board in such circumstances before a Chairman is appointed or a sitting Chairman is absent or becomes disabled. David L. Rosenblum serves as Vice Chairman.
- We believe the Board structure serves the interests of the stockholders by balancing the practicalities of running the Company with the need for director accountability.

BOARD'S ROLE IN RISK OVERSIGHT

The Board oversees an enterprise-wide approach to risk management, designed to support the achievement of organization objectives in the areas of strategy, operations, reporting and compliance. The Board recognizes that these objectives are important to improve and sustain long-term performance and stockholder value. A fundamental part of risk management is not only identifying the risks the Company faces and the steps management is taking to manage those risks, but also determining what constitutes the appropriate level of risk based upon the Company's activities and risk appetite.

The RCP Committee goes through an extensive review of the enterprise risk assessment on a quarterly basis with the guidance of the RCP Committee Chairperson and the Bank's Chief Risk Officer. The risk assessment is also reviewed by the Board quarterly. In this process, risk is assessed throughout the Company by focusing on the following ten (10) areas: credit, liquidity, market, operational, compliance, human resources / legal, reputational, strategic, information technology and security, and capital. Risks that simultaneously affect different parts of the Company are identified, and an interrelated assessment is made.

While the Board has the ultimate oversight responsibility for the risk management process, various committees of the Board also have responsibility for risk management. In particular, the RCP Committee assists the Board in fulfilling its oversight responsibility with respect to regulatory, compliance, operational risk and enterprise risk management issues that affect the Company, and works closely with the Company's legal and risk departments. The RCP Committee also oversees risks associated with the short- and long-term direction of the Company and ensures ongoing Board involvement and oversight of the Company's strategic plan. The Audit Committee helps the Board monitor financial risk and internal controls from a risk-based perspective, and oversees compliance and the annual audit plan. Reports from the Company's internal audit department are also reviewed by the Audit Committee.

In overseeing compensation, the CHR Committee ensures that incentives encourage a conservative level of risk-taking behavior consistent with the Company's business strategy and are in compliance with all laws and the Interagency Guidance on Incentive Compensation. The NCG Committee oversees the Code of Business Conduct and Ethics and conducts an annual assessment of corporate governance policies and any potential risk associated with governance and related party matters.

The Bank also has two other board committees that oversee risk. The Loan and Credit Policy Committee (the "LCP Committee") oversees credit risk by identifying, monitoring, and controlling repayment risk associated with the Bank's lending activities. The LCP Committee evaluates the Bank's loan portfolio for optimized risk-adjusted profitability and ensures management is handling credit risk appropriately and in compliance with approved policies and procedures. The Asset Liability Management Committee oversees the process for managing the Bank's interest rate, liquidity, and similar market risks relating to the Bank's balance sheet and associated activities. The committee reviews the Bank's investment portfolio on a regular basis to confirm that the risk level remains acceptable and consistent with the approved portfolio objectives, and ensures current market values are aligned with the investment policy.

The Board is committed to protecting personal and financial information, and devotes a significant amount of time to information security and cybersecurity risks. Members of the RCP Committee receive regular reports from the Chief Risk Officer related to information technology and information security to fulfill its role of assisting management in identifying, assessing, measuring and managing certain risks facing the Company.

The Bank's Information Security Officer meets at least quarterly with the RCP Committee to provide updates on cybersecurity and information security risk, and the Board annually reviews and approves our Information Security Program and Information Security Policy. The RCP Committee engages in key decisions to help set the direction for information security strategy, as well as to understand and prioritize information security capabilities and associated risk remediation.

The Executive IT Steering Committee is an internal Bank committee created to ensure that members of executive management overseeing multiple business units actively understand information security protections and associated risks.

The Information Security Officer presents quarterly cybersecurity reports to the Executive IT Steering Committee. In addition, the Bank purchases cyber liability and other insurance to protect against cybersecurity risks.

CONSIDERATION OF DIRECTOR NOMINEES

The NCG Committee believes that the Board should encompass a broad range of talent, skill, knowledge, experience, diversity and expertise enabling it to provide sound guidance with respect to Hanmi's operations and interests. In addition to considering a candidate's background and accomplishments, candidates are reviewed in the context of the current composition of the Board and the evolving needs of Hanmi's business. Our Board has identified certain core competencies that its directors should possess, including: broad experience in business, finance, accounting, risk management, strategic planning, marketing or administration; familiarity with national and international business matters; familiarity with the Company's industry; and the ability to understand the Company's business. In addition to possessing one or more of these core competencies, the members of our Board should have and demonstrate personal qualities such as integrity, leadership, community prominence and a strong reputation. The experience, skills and qualifications contributed by each of our directors should diversify and complement the core competencies of our collective Board.

The NCG Committee seeks directors with a strong reputation and experience in areas relevant to the strategy and operation of Hanmi's business, particularly industries and growth segments that Hanmi operates in, such as the banking and financial services industry, as well as key geographic markets and customer segments. The NCG Committee annually reviews the individual skills and characteristics of the directors, as well as the composition of the Board as a whole. This assessment includes a consideration of independence, diversity, age, skills, expertise and industry background in the context of the needs of the Board and Hanmi.

The Board conducts an annual evaluation to determine whether the Board and its committees are functioning effectively. The NCG Committee oversees the evaluation method and criteria for the Board's annual evaluation of the composition, competence and performance of the Board and its committees. The NCG Committee may retain consultants or advisors to assess the performance and effectiveness of the Board, its committees and each individual director.

The results of any self-evaluations, peer evaluations or evaluations by any consultant or advisor are submitted to the Board. The Board then takes appropriate action based on the Board's assessment and performance evaluations. The Board and director evaluation process considers the best interests of Hanmi, its Board, employees, customers and stockholders. The assessment includes director succession planning and expected future needs of the Board and the Company, so as to ensure that Board effectiveness is not diminished during periods of transition.

Board Composition

The Corporate Governance Guidelines require the NCG Committee to consider diversity when reviewing the qualifications of candidates to the Board. The NCG Committee seeks to nominate members with diverse backgrounds, skills, professional and industry experience, and other personal qualities, attributes and perspectives that will help ensure a strong and effective governing body that, as a whole, reflects the current and anticipated needs of our Board and Company and can provide oversight responsibility to our stockholders. Our board is currently comprised of eleven directors, four of whom are female and seven of whom are of Asian descent. We believe the diverse composition of our board is a competitive advantage. The knowledge, experience and viewpoints espoused by our directors lead to more meaningful, strategic decisions and leads to meaningful and innovative discussions to better serve our stakeholders.

Directors are expected to meet the ownership standards set forth herein within five years from their first day as a director. Once the guidelines are met, if the stock price decreases, the director will not be required to acquire additional shares. In addition to the stock ownership guidelines described above, each director who acquires shares of Company common stock through the exercise or vesting of a stock option, stock appreciation right or restricted stock will be required to retain fifty percent (50%) of the "net" shares acquired (net of tax impact that the exercise or vesting has on the individual) for at least twelve (12) months following the date of exercise or vesting, or such earlier time if the individual ceases to be a member of the Board as a result of death, disability, illness, resignation, termination or other reason.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

This Compensation Discussion and Analysis (“CD&A”) describes our compensation philosophy, methodologies and our current practices with respect to the remuneration programs for our NEOs. The compensation programs applicable to our NEOs are established, evaluated and maintained by the CHR Committee. The CHR Committee is comprised entirely of independent directors as defined by the Nasdaq listing requirements and SEC regulations. The NEOs for the fiscal year ended December 31, 2024 were:

- Bonita I. Lee: President and Chief Executive Officer (“CEO”)
- Romolo C. Santarosa: Senior EVP and Chief Financial Officer (“CFO”)
- Anthony Kim: Senior EVP and Chief Banking Officer (“CBO”)
- Matthew D. Fuhr: EVP and Chief Credit Officer (“CCO”)
- Michael Du: EVP and Chief Risk Officer (“CRO”)

2024 Financial and Strategic Highlights

In 2024, we delivered strong financial performance with a number of key accomplishments to advance our growth and diversification strategies. Our team navigated an evolving and dynamic market environment while maintaining focus on prudent credit administration and disciplined expense management. During the past year, we further strengthened and expanded our business, executing on our relationship-driven banking strategy. We made meaningful progress in advancing our Corporate Korea initiative, one of our core growth strategies, opening a Representative Office in Seoul, South Korea and bringing on new talent to support the initiative. Hanmi was able to achieve the following results during 2024.

Operating Results, Profitability and Value Creation

- In line with our diversification strategy, we delivered 16% growth in our C&I loan portfolio, driven primarily by the strong contribution from our Corporate Korea initiative and the acquisition of new relationships throughout our network
- Net income decreased in 2024 to \$62.2 million primarily due to a decrease in net interest income and increases in noninterest and credit loss expenses, reflecting the uncertain economic and operating environment
- New loan production was \$1.2 billion, a decrease of 7.4%, or \$96.0 million, from \$1.29 billion for 2023, which we believe was commendable in the current environment
- Deposits were \$6.44 billion, up 2.5% from 2023, driven by a 4.6% increase in noninterest-bearing deposits, which now account for 32.6% of our total deposits
- The efficiency ratio increased to 60.3% from 53.1% in 2023, primarily due to higher expenses and lower revenue
- Further improved asset quality with nonperforming assets as a percentage of total assets decreasing to 0.19% through our proactive monitoring of the loan portfolio and successful monitoring resolution efforts
- Dividends remained at \$1.00 per share for 2024, reflecting both the Board’s confidence in our performance and the future growth potential of the Hanmi franchise
- Loans receivable, before the allowance for credit losses, were \$6.25 billion at December 31, 2024, up slightly from \$6.20 billion at December 31, 2023, an increase of 1.1%

Management Say-On-Pay Results and Stockholder Engagement

The CHR Committee evaluates the Company's executive compensation programs in light of market conditions, stockholder views, market practices, and governance considerations, and makes changes as appropriate. As required by the Dodd-Frank Act, the Company seeks a non-binding advisory stockholder vote to approve the compensation of its NEOs. At our 2024 annual meeting, 94.6% of the stockholder vote cast in favor of the advisory say-on-pay proposal thereby approving the compensation of our NEOs. The CHR Committee viewed the approval by stockholders of the executive compensation program at such a strong level as evidence that a substantial majority of stockholders are aligned with our executive compensation program. The CHR Committee will continue to consider the results of the say-on-pay proposal when making future compensation decisions.

In 2024, the Company continued its efforts to engage with stockholders and invited fifteen stockholders, representing almost 60% of the outstanding shares to discuss executive compensation and other governance matters. We received responses from four of our investors who advised us that they did not seek to engage at this time and we had the opportunity to engage with two of our investors for introductory meetings with new governance teams. Throughout 2024, management and the Board continued to maintain open lines of communication with our stockholders. Any feedback received by management is reported to the Board and is taken into consideration with respect to ongoing oversight and decision-making activities. The Company and our directors welcome feedback from stockholders and potential investors. The CHR Committee and the Board are committed to our regular engagement outreach and will continue to consider any and all opinions raised by stockholders through the engagement process in determining future compensation matters.

Pay Program and 2024 Compensation Overview

The CHR Committee establishes and oversees the compensation practices, including the determination of base salary and annual and long-term incentives. The CHR Committee understands the importance of human capital management to our long-term success. We believe that our executive compensation practices are generally aligned with our peer market norms for quantum and design and align executive officers' interests with those of stockholders, by emphasizing both annual and long-term incentives. Compensation plans are designed to encourage the achievement of strategic objectives, to create stockholder value, to recognize individual performance, and to allow the Company to effectively compete for, retain and motivate talented executives critical to our success.

The following table provides information regarding each of our compensation elements, whether such element is fixed or variable, and select compensation highlights for each element for 2024.

Element	Type	2024 Highlights
Base Salary	Fixed	<p>When setting base salaries, the CHR Committee considers factors such as experience, responsibilities, job performance, and market compensation information.</p> <p>In 2024, the CHR Committee made no changes to base salaries for all NEOs based on Company performance in 2023 and in order to ensure all non-executive employees received their full merit increase for 2024.</p>
Short-Term Cash Incentive Compensation (Annual Incentive Plan)	Variable	<p>The Company maintains a performance-based annual cash incentive plan for the NEOs, which is contingent on the achievement of pre-established financial results for the Company and individual performance objectives tied to each NEO's specific role and responsibilities. The financial performance metrics have threshold, target and maximum goals to further align pay with performance.</p> <p>As in years past, the CHR Committee established target incentive award opportunities for each NEO and assessed performance relative to the established goals. Total performance on the corporate annual incentive goals in 2024 was just above target, reflecting our success in building lasting relationships with our customers and progress on our key growth initiatives.</p>

Element	Type	2024 Highlights
Long-Term Equity Incentive Awards	Variable	<p>The CHR Committee, in its discretion, determines equity grants for the NEOs after considering each executive's performance, previous grant history, stock ownership level, comparison to our peer group, and retention needs.</p> <ul style="list-style-type: none"> • In 2024, the long-term incentive award program for NEOs used an estimated mix of 45% time-based restricted stock, and 55% performance-based restricted stock units. • The time-based restricted stock vest in three equal annual installments beginning on the first anniversary of the date of grant. • The performance-based restricted stock units vest at the end of the three-year performance period based on the Company's Total Shareholder Return ("TSR") relative to companies in the KBW Regional Banking Index over the three-year performance period. No shares will be issued unless the Company's TSR is positioned at or above the 35th percentile for the three-year performance period.

Governance

The Company is committed to pay for performance and sound compensation and governance practices, including the following:

What We Do

- ✓ The majority of total executive compensation opportunity is at-risk, as a substantial portion is tied to performance goal achievement.
- ✓ The allocation of incentives among the annual incentive plan and long-term equity awards incentivizes performance to reach shorter-term goals without over-emphasizing short-term performance at the expense of achieving long-term goals.
- ✓ Maintain stock ownership guidelines that apply to our CEO and CFO and our directors to ensure meaningful levels of stock ownership.
- ✓ To ensure that no single measure affects compensation disproportionately, the Company utilizes a diverse set of financial and operational performance goals in the design of our compensation program.
- ✓ To provide information and advice for use in CHR Committee decision-making, our CHR Committee has engaged an independent compensation consultant that reports directly to the CHR Committee.
- ✓ In making compensation decisions, the CHR Committee references a peer group of similarly sized banks and updates this peer group periodically as deemed necessary.
- ✓ The Company maintains a clawback policy to recoup cash and equity-based incentives paid to executive officers earned based on a material error in the financial statements

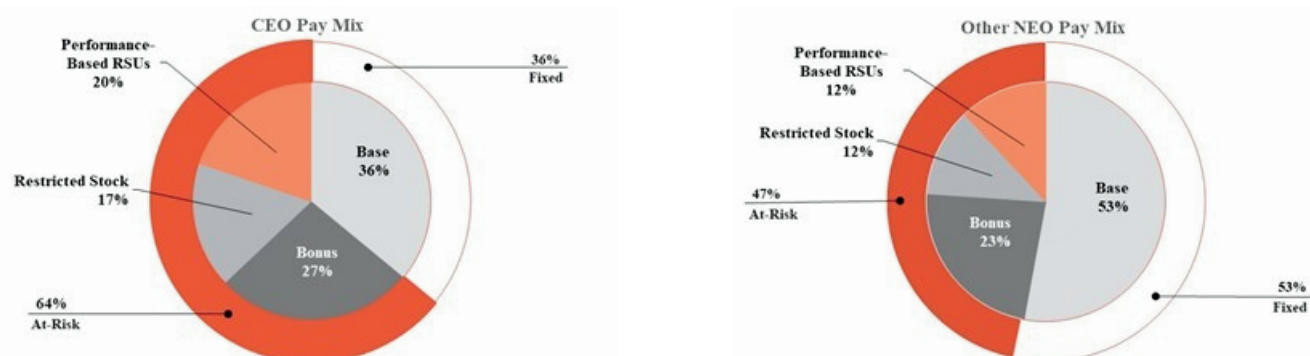

What We Don't Do

- ✗ We don't allow executive officers and directors to pledge shares of Company stock or engage in hedging transactions. Engaging in hedging or short sale transactions in Company securities are prohibited.
- ✗ No dividends are accrued or paid on unvested shares of performance-based awards.
- ✗ No excise tax gross ups in employment agreements or other arrangements.

2024 Target Pay Mix

The pay mix afforded to our executive officers in 2024 supports the core principles of our executive compensation philosophy that are intended to align executive officers' interests with those of stockholders, by emphasizing both annual and long-term incentives. While the CHR Committee does not target a specific pay mix by design, it does establish short- and long-term incentive opportunities that are aligned with typical practices for similarly situated executives at banks of our size. These incentive opportunities ensure that a significant portion of each executive's potential compensation is "at-risk" or variable and conditioned on the achievement of corporate and individual performance goals set by the CHR Committee. In addition,

the substantial use of equity awards, such as restricted stock and performance-based restricted stock units, ensures and that a significant portion of each executive's potential compensation aligns with the long-term financial outcomes experienced by our stockholders. The target pay mix for our CEO and other NEOs, on average, is shown in the charts below. Target pay mix includes 2024 base salary, 2024 Annual Incentive Plan target, and the grant date fair value of equity awards granted in 2024.

Compensation Objective and Philosophy

The CHR Committee uses competitive compensation data from the annual total compensation study of peer companies to inform its decisions about overall compensation opportunities and specific compensation elements. Additionally, the CHR Committee uses multiple reference points when establishing targeted compensation levels. The CHR Committee does not benchmark specific compensation elements or total compensation to any specific percentile relative to the peer companies or the broader market. Instead, the CHR Committee applies judgment and discretion in establishing targeted pay levels, taking into account not only competitive market data, but also factors such as Company and individual performance, scope of responsibility, critical needs and skill sets, leadership potential and succession planning. All decisions are made in consideration of the key goal of aligning executive pay and performance.

The policies and underlying philosophy governing the Company's executive compensation program, as endorsed by the CHR Committee and the Board of Directors, are designed to accomplish the following:

- Maintain a compensation program that is equitable in a competitive marketplace.
- Provide opportunities that integrate pay with the Company's annual and long-term performance goals.
- Align NEO compensation with the Company's performance.
- Manage the risk profile of the Company by aligning risk mitigation within the performance of individual and Company-wide goals.
- Encourage achievement of strategic objectives and the creation of stockholder value.
- Recognize and reward individual initiative and achievements while managing risk.
- Maintain an appropriate balance between base salary and short- and long-term incentive opportunities.
- Attract, retain and motivate talented executives and other key employees critical to the Company's success, consistent with its compensation philosophy.
- Effectively engage institutional stockholders. Hanmi values our stockholders and works to have open two-way communication on matters of importance. We proactively seek out our stockholders' opinions, as appropriate.
- Establish bonus and equity plans subject to "clawback" in the event of material inaccurate financial statements or materially inaccurate performance metric criteria resulting in the payment of excess incentive compensation.
- Foster an ownership culture among the CEO, CFO and the directors through minimum stock ownership guidelines.

Compensation Determination Process

Role of CHR Committee

The CHR Committee is responsible for the creation, implementation, and administration of the overall compensation program for the CEO and other senior executive officers. The CHR Committee takes into consideration the recommendations of the CEO for executive officers, other than the CEO, as well as considering and making recommendations concerning compensation, benefit plans, and implementation of sound personnel policies and practices Company wide. The CHR Committee has the following responsibilities:

- Review of the overall human resource development and compensation strategy for the CEO, executive officers, and directors.
- Lead the Board in its annual review of executive management's performance.
- Evaluate CEO performance, set annual goals and evaluate total compensation, and recommend compensation to the Board.
- Evaluate compensation recommendations from the CEO for other NEOs.
- Evaluate the annual executive incentive compensation plan in light of participation, goals and budgetary considerations.
- Review broad-based incentive compensation plans to ensure compliance with regulations and laws.
- Administer the Company's long-term incentive program.
- Oversee the application of the Company's Clawback Policy, as necessary.
- Periodically conduct a risk assessment of the Company's compensation plans and programs.

The CHR Committee approves compensation for all NEOs other than the CEO. The CHR Committee recommends all compensation decisions related to the CEO to the full Board of Directors. The full Board has ultimate responsibility for determining the compensation of our CEO, after considering the recommendation from the CHR Committee.

Role of Compensation Consultant

In 2024, the CHR Committee retained the services of Aon's Human Capital Solutions practice, a division of Aon plc ("Aon"), to provide executive compensation consulting services. Aon helped facilitate the executive officer compensation process, including the creation of a compensation peer group for comparing our NEOs' compensation to the market. Aon reported directly to the CHR Committee, who has the authority, in its sole discretion, to retain any adviser to assist in the performance of its duties or to terminate any advisor to the CHR Committee. The CHR Committee determined that Aon is independent and that there is no conflict of interest resulting from retaining Aon during 2024, after taking into account the factors set forth in the SEC rules.

Role of Management

Management assists the CHR Committee in recommending agenda items for its meetings and by gathering and producing information for these meetings. The CEO and other executive officers may participate in CHR Committee meetings to provide background information and other requested items but are not present during the voting or discussions of their own compensation. The CEO provides recommendations to the CHR Committee for the other NEOs regarding compensation, performance goals, and other employment-related matters, such as hiring, promotions, terminations or severance payments. The CHR Committee considers the CEO's recommendations but retains authority to approve or recommend to the Board of Directors compensation decisions to be approved.

Peer Group

In March 2024, the CHR Committee worked with Aon to construct a peer group of banking companies with assets at the time of selection generally between \$4.0 and \$16.0 billion that have similar business models and that are likely to compete with Hanmi for executive talent. The peer group was modified from 2023 to reflect peer asset size changes and acquisitions. Banc of California was removed due to its merger with PacWest Bancorp and two new peers were added, Brookline Bancorp and Kearnly Financial Corp., to maintain at least 20 appropriate peers and to manage Hanmi's positioning near the median based on asset size. The CHR Committee primarily used the 2024 peer group to help set the 2024 compensation program

for the CEO and CFO, but the 2023 peer group was also used as reference point for the compensation for the other NEOs. Although the decisions regarding the compensation levels are guided by the information provided from the peer group and market survey data, the CHR Committee does not commit to setting our executive pay levels at any particular percentile of the peer group. The CHR Committee also takes into account the prevailing economic environment, individual performance, experience and the current financial condition of Hanmi. The 2024 peer group was as follows:

Bank of Marin Bancorp	National Bank Holdings Corp.
Brookline Bancorp, Inc.	Peapack-Gladstone Financial Corp.
Central Pacific Financial Corp	Preferred Bank
ConnectOne Bancorp, Inc.	RBB Bancorp
CVB Financial Corp.	Sierra Bancorp
Farmers & Merchants Bancorp	Southside Bancshares, Inc.
First Foundation Inc.	Stellar Bancorp
Flushing Financial Corp.	TriCo Bancshares
Heritage Commerce Corp	Triumph Financial, Inc.
Heritage Financial Corp.	Westamerica Bancorporation
Kearny Financial Corp.	

2024 Pay Components and Compensation Decisions

Base Salary

Annual base salaries are the fixed portion of our NEOs' cash compensation and are intended to reward the day-to-day aspects of their roles and responsibilities and to reflect the value that they bring to the Company. Our NEOs' annual salaries are established after taking into account several factors including the executive's experience, responsibilities, management abilities, job performance and market compensation information.

Pay adjustments, if any, are generally made annually, after reviewing overall Company performance, individual performance, the affordability of the increases, and the factors discussed in the paragraph above. In 2024, the CHR Committee did not make any change to the base salaries for any of the NEOs based on Company performance in 2023 and to ensure all non-executive employees received their full merit increase for 2024.

The table below shows the NEOs' annual base salaries in 2023 and 2024. The CHR Committee believes that the 2024 base salaries of Hanmi's NEOs are competitive with companies of similar size, including those in the peer group.

Name	Title	2023 Base Salary	Increase Percentage	2024 Base Salary
Bonita I. Lee	President & CEO	\$ 780,000	0%	\$ 780,000
Romolo C. Santarosa	Sr. EVP & CFO	\$ 480,000	0%	\$ 480,000
Anthony Kim	Sr. EVP & CBO	\$ 360,000	0%	\$ 360,000
Matthew D. Fuhr	EVP & CCO	\$ 314,609	0%	\$ 314,609
Michael Du	EVP & CRO	\$ 268,667	0%	\$ 268,667

Short-Term Cash Incentives – Annual Incentive Plan (“AIP”)

In accordance with Hanmi's compensation philosophy, a significant portion of the compensation of our NEOs is performance-based and payable only if pre-established Company and individual performance objectives are achieved. For each NEO, target AIP bonuses are stated as a percentage of annual base salary. The target AIP bonuses payable to the NEOs for 2024 performance were, as a percentage of their respective annual base salary, as follows: Ms. Lee – 75%, Mr. Santarosa – 50%, Mr. Kim – 45%, Mr. Fuhr – 45%, and Mr. Du – 30%. The 2024 target opportunities were unchanged from 2023.

The CHR Committee reviews performance against pre-established financial and non-financial goals on an annual basis to determine the short-term cash incentive compensation of our NEOs. Awards under the AIP are substantially based on formulaic scorecard results across weighted performance categories. The CHR Committee reviewed and approved scorecards for each NEO to be used for 2024 performance, which are summarized in the tables below. Payments under the AIP are contingent upon the achievement of pre-established goals relating to objective Company financial metrics for

EXECUTIVE COMPENSATION

all NEOs, and upon the goals specific to each NEO's area of responsibility. Each of the metrics has an assigned weight and the CHR Committee established threshold, target, and maximum performance levels for each of the Company financial metrics.

In 2024, the CHR Committee set the threshold payout at 50% of each NEO's target opportunity upon attaining a threshold level of all the metrics, a target payout of 100% upon attaining 100% of the target level of all the metrics, and a maximum payout of 150% of the target opportunity upon attaining certain maximum performance levels. Payouts are interpolated on a straight-line basis for achievement for a particular performance metric between these three levels of performance. If performance falls below the threshold level for any performance metric, no payment is earned.

The measurements in the AIP for all NEOs are based on the approved 2024 budget in the strategic plan. For 2024, all NEOs were allocated certain weightings of three corporate financial measures: return on average assets ("ROAA"), non-performing assets to total assets ("NPA/Assets"), and efficiency ratio.

In early 2024, the CHR Committee set target performance for the financial goals for each NEO under the AIP at levels it considered challenging but with a reasonable likelihood of being achieved and that represented strong levels of performance based on our business outlook, estimated general economic conditions, and our budget for 2024 contained in the strategic plan, which was approved by the Board in 2023. The 2024 goals were established based on the expectation that 2024 performance results would be lower than 2023 because of the anticipated increasing interest rate environment in 2024, the uncertain economic environment impacting revenue, continued increases in expenses due to inflation, and deposit pricing pressure from efforts to retain core deposits.

As shown in the table below, ROAA was earned at target, efficiency ratio was earned above threshold and NPA/Assets was earned at maximum.

Metric	Performance Goals			Actual Result	Actual Result as % of Target
	Threshold	Target	Maximum		
ROAA	0.66%	0.83%	0.91%	0.83%	100%
NPA/Assets	0.42%	0.35%	0.28%	0.19%	150%
Efficiency Ratio	63.62%	57.84%	54.95%	60.31%	79%

Each of the NEOs also had additional objective metrics to reflect each individual's specific area of control and responsibility, while retaining accountability for overall Company profitability, risk management and regulatory compliance. The AIP was designed to allow for objective goal measurement while also allowing for the exercise of judgment by the CHR Committee and the Board of Directors. If an NEO has met the requirements for a specific goal, the NEO is given 100% credit for the weighting of a particular category. However, if a category is met at the minimum expected level, the NEO is given 50% credit for the weighting of a particular credit, and if a category is met at the maximum expected, the NEO is given 150% credit for the weighting of a particular credit. Payouts are interpolated on a straight-line basis for achievement for a particular performance metric between these three levels of performance.

Performance measures, weightings, target award opportunities, and results for each NEO are summarized in the tables below.

Long-Term Incentives

Long-term incentive awards, such as restricted stock and performance-based stock units, are the third key component of our NEOs’ total compensation. The CHR Committee believes employee stock ownership is significant for our NEOs, thereby aligning the interests of executives and stockholders. The CHR Committee also believes equity-based compensation complements the short-term cash incentive compensation and helps balance short-term decisions with long-term outcomes. This compensation approach limits an executive’s ability to reap short-term gains at the expense of Hanmi’s long-term success. This is also an important tool in retaining NEOs.

We currently provide long-term incentive awards to our executive officers through our stockholder approved 2021 Equity Compensation Plan (“2021 Plan”). The CHR Committee approves all equity award grants and acts as an administrator of the 2021 Plan. The Company does not have a policy or an exact formula regarding the allocation of compensation between

EXECUTIVE COMPENSATION

cash and equity compensation; rather, the size, timing and other material terms of the long-term incentive awards for our NEOs are made at the discretion of the CHR Committee. Factors considered by the CHR Committee include each executive's performance, previous grant history and stock ownership level, comparison to our peer group, and retention needs.

In 2024, the CHR Committee began using a long-term incentive award program mix for NEOs of 55% performance-based restricted stock units and 45% time-based restricted stock grants. However, the CHR Committee slightly increased the amount of time-based restricted stock grants for all NEOs in 2024 to account for the decision to maintain 2024 base salaries at 2023 levels for all of the NEOs and to support the Company's long-term retention goals. For 2024, the CHR Committee determined the aggregate dollar value of the performance-based restricted stock units and time-based restricted stock granted to each NEO as a percentage of the NEO's base salary on the date of grant as set forth in the table below, with the target performance-based restricted stock units and time-based restricted stock amounts determined by dividing the applicable percentage of the NEO's base salary by the fair market value of Hanmi's common stock on the grant date. The percentage of base salary was based on the NEO's position, responsibilities, comparison to peer and market practices for comparable positions, and historical and expected contributions to Hanmi.

2024 Time-Based Restricted Stock Grants

- On April 1, 2024, the CHR Committee granted shares of restricted stock to our NEOs, at which time our closing price was \$15.49 per share. The shares vest in three equal annual installments beginning on the first anniversary of the date of grant.
- The award size for these NEOs was determined based in part on existing equity ownership levels, a review of past grant sizes, competitive market practices, contributions to Hanmi's performance results and retention considerations.

2024 Performance-Based Restricted Stock Units

- On April 1, 2024, the CHR Committee granted shares of performance-based restricted stock units to our NEOs.
- The performance-based restricted stock units will vest at the end of the three-year performance period based on the Company's TSR relative to companies in the KBW Regional Banking Index (the "KBW Index") for the three-year performance period. No shares will be issued and the award will be forfeited if the Company's TSR is below the 35th percentile for the three-year performance period.
- At the 35th percentile TSR achievement (Threshold) for the three-year performance period, 50% of the units granted will be earned. At the 50th percentile TSR achievement (Target) for the three-year performance period, 100% of the units granted will be earned. At the 75th percentile TSR achievement (Maximum) for the three-year performance period, 150% of the units granted will be earned. Performance between the 35th and 50th percentiles and between the 50th and 75th percentiles for the three-year performance period will be determined by linear interpolation.
- If the Company's absolute TSR for the performance period is a negative number (without regard to the TSR of the KBW Index), then irrespective of the Company's relative TSR to the KBW Index, the number of units earned and shares issued will be capped at the Target level.
- The following chart outlines the Company's potential level of achievement and associated earning of units and issuance of shares for each year of the three-year period:

Company TSR Percent Rank vs. KBW Index	Percent of Total Number Earned and Vested
Below 35th Percentile	0%
35th Percentile	50%

The CHR Committee granted the following performance-based restricted stock units and time-based restricted stock to each of the NEOs in 2024:

2021 Performance-Based Restricted Stock Units

The performance-based restricted stock units granted to all NEOs in March 2021 had a three-year performance period that ended on March 23, 2024. In March 2024, the CHR Committee certified the performance of these performance-based restricted stock units based on the Company's relative TSR percentile ranking against the KBW Index. For the performance period, the Company's TSR was -10.77%, which ranked at the 48th percentile of the KBW Index, resulting in a payout of 92.06% of the target number of performance-based restricted stock units granted in 2021.

Payout percentages at various levels of performance for these performance-based restricted stock units are illustrated in the table below.

Company TSR Percent Rank vs. KBW Index	Percent of Total Number Earned and Vested

35th Percentile	50%
50th Percentile	100%

The following table lists the number of 2021 performance-based restricted stock units earned by applicable NEOs for this three-year performance period. These performance-based restricted stock units vested in March 2024.

Additional Compensation Elements

Employment Agreements

The Company maintains employment agreements with Ms. Lee and Mr. Santarosa. These agreements set forth each individual's base salary, bonus compensation, equity compensation granted in connection with their promotions and employee benefits, as well as providing them with the opportunity to receive certain post-employment payments and benefits, including acceleration of equity awards, in the case of certain involuntary terminations of employment without cause or resignations for good reason. The agreements also reconfirmed the agreements previously entered into prohibiting them from recruiting or soliciting our employees or disclosing our confidential information or business practices.

In February 2022, the Company entered into an amended and restated employment agreement with Ms. Lee ("Lee Amended Agreement"). The Lee Amended Agreement replaced Ms. Lee's then-existing employment agreement with the Company and the Bank and provided for (i) a three-year term commencing on February 28, 2022, and ending on February 28, 2025, which would renew automatically for one-year periods unless either Ms. Lee or the Company provided written notice of non-renewal, (ii) annual salary of \$715,000, reviewed at least annually, (iii) annual target cash bonus of 75% of salary, and (iv) twenty-five days of paid vacation annually. In March 2025, the Company entered into a First Amendment to the Lee Amended Agreement, extending the term of the agreement to April 28, 2028, or if earlier, the close of business on the effective date of termination of employment pursuant to Section 5 of the Lee Amended Agreement. On April 28, 2028, and on each subsequent anniversary, the term of the Lee Amended Agreement will automatically renew for an additional year, unless either party provides written notice of non-renewal. All other terms of the Lee Amended Agreement remain in effect.

In July 2022, the Company entered into a first amendment to the amended and restated employment agreement with Mr. Santarosa ("Santarosa Amended Agreement"), which extended the employment term through February 2025. In March 2025, the Company entered into a second amendment to the Santarosa Amended Agreement, extending the term of the agreement to December 31, 2027, or if earlier, the close of business on the effective date of termination of employment pursuant to Section 5 of the Santarosa Amended Agreement. On December 31, 2027, and on each subsequent anniversary, the term of the Santarosa Amended Agreement will automatically renew for an additional year, unless either party provides written notice of non-renewal. All other terms of the Santarosa Amended Agreement remain in effect.

Post-Employment Compensation

Our post-employment compensation arrangements are designed to provide reasonable compensation to Ms. Lee and Mr. Santarosa if they are terminated by us without cause or in connection with a change in control. Further, we seek to mitigate any potential employer liability and avoid future disputes or litigation by requiring a departing executive officer to sign a separation and release agreement acceptable to us as a condition to receiving post-employment compensation payments or benefits.

Our CHR Committee and the Board of Directors do not consider specific amounts payable under these post-employment compensation arrangements when establishing annual compensation. The CHR Committee and the Board believe, however, that these arrangements are necessary to offer compensation packages that are competitive.

The treatment of outstanding equity awards held by NEOs upon termination of employment or in connection with a change in control is described below in the "*Employment Agreements*" and "*Potential Payments Upon Termination of Employment or Change in Control*" sections.

All other executives are employed "at-will," and Hanmi does not provide any right to additional payments or benefits in the event of a termination of employment or a change in control of Hanmi.

Executive Perquisites

Our NEOs receive the following benefits in addition to their other compensation: technology allowance, automobile allowance, gas allowance, wellness benefit and gift cards for the holidays. Mr. Santarosa receives a membership to a social club. Ms. Lee also receives memberships to a country club and social club, company-provided welfare benefits and additional term life insurance. These benefits are detailed in the "*Summary Compensation Table*."

Broad-Based Benefits Programs

Our NEOs participate in the benefit programs that are available to all full-time employees. These benefits include health, dental, vision, life insurance, short-term and long-term disability insurance, healthcare reimbursement accounts, paid vacation, paid sick leave, 401(k) plan matching contributions, and a year of service award upon achieving certain years of service milestones with the Company.

Other Compensation Considerations

Insider Trading Policy

Our Board has adopted an Insider Trading Policy, that governs the purchase, sale and/or other disposition of the Company's securities and is applicable to all of our directors, officers, and employees. We believe our Insider Trading Policy is reasonably designed to promote compliance with insider trading laws, rules and regulations, as well as listing standards

applicable to the Company. A copy of our Insider Trading Policy is attached as Exhibit 19.1 to our Annual Report on Form 10-K for the fiscal year ended December 31, 2024 filed with the SEC on February 28, 2025.

Pledging and Hedging Policies

None of the executive officers, directors, employees, consultants and contractors of the Company who receive or have access to material nonpublic information may directly or indirectly engage in short sales, hedging, share lending, or the purchase or sale of any type of derivatives including but not limited to options, warrants, puts, calls, cash settled or other swaps or synthetic securities or any other similar instruments involving Company securities. Directors and Senior Vice Presidents and above are also prohibited from holding Company securities in a margin account or pledging Company securities as security for a loan.

Clawback Policy

The Board adopted the Hanmi Financial Corporation Clawback Policy in 2023 to comply with final rules adopted by the SEC and Nasdaq to implement the applicable provision of the Dodd-Frank Wall Street Reform and Consumer Protection Act relating to the recoupment of incentive-based compensation. The policy applies in the event that the Company is required to prepare an accounting restatement due to the Company's material noncompliance with any financial reporting requirement under the Federal securities laws, including any required accounting restatement to correct an error in previously issued financial statements that is material to the previously issued financial statements, or that would result in a material misstatement if the error were corrected in the current period or left uncorrected in the current period. The incentive-based compensation subject to clawback is the incentive-based compensation received by an executive officer during the three completed fiscal years immediately preceding the date that the Company is required to prepare an accounting restatement. The amount of incentive-based compensation subject to the clawback policy is the amount of incentive-based compensation received that exceeds the amount of incentive-based compensation that otherwise would have been received had it been determined based on the restated amounts in the Company's financial statements and computed without regard to any taxes paid.

Furthermore, under the policy, the Company is prohibited from indemnifying any current or former executive officer against the loss of erroneously awarded incentive-based compensation and from paying or reimbursing an executive officer for purchasing insurance to cover any such loss. In addition, the Company has a clawback policy consistent with the requirements of Section 304 of the Sarbanes-Oxley Act that mandates the recovery of incentive awards that would not have otherwise been paid in the event we are required to restate our financial statements due to non-compliance with any financial reporting requirements as a result of misconduct. In that case, the CEO and CFO must reimburse the Company for: (i) any bonus or other incentive, or equity-based compensation received during the twelve (12) months following the first public issuance or filing with the SEC (whichever first occurs) of the non-complying document; and (ii) any profits realized from the sale of our securities during those twelve (12) months.

Stock Ownership Guidelines

The CHR Committee adopted the following stock ownership guidelines for the CEO and CFO. The CEO is required to hold shares of the Company's common stock valued at five times (5x) her base salary and the CFO is required to hold shares of the Company's common stock valued at one and one-half times (1.5x) his base salary. This goal must be obtained within five years from the first day in their respective role. Once the guidelines are met, if the stock price decreases, the executive will not be required to acquire additional shares. Until the stock ownership guidelines are met, the executive will be required to retain at least fifty percent (50%) of the shares granted to him or her by the Company (50% of the shares granted may be used to satisfy tax withholding requirements). Ms. Lee and Mr. Santarosa are in compliance with the stock ownership guidelines. For director stock ownership guidelines, see *Director Stock Ownership Guidelines* section beginning on page 12.

Discussion of Equity Unit Award Grant Timing

The Company does not have a written policy related to the time as to when equity awards are granted during the year. The CHR Committee currently grants restricted stock and performance-based restricted stock units to our executive officers, and restricted stock to other key employees. The Board currently grants restricted stock to our directors. Equity awards are granted to our executive officers and other key employees under the long-term incentive plan. The equity awards for our executive officers and other employees are made in the spring of each year during the annual review cycle. In the case of our directors, the grant date is in May of each year and falls on the date we hold our annual meeting. The CHR Committee or Board may make off cycle equity awards from time to time on an as-needed basis as circumstances warrant. The

Company does not time the disclosure of material non-public information for the purpose of affecting the value of executive compensation.

Compensation Policy Risk Assessment

The CHR Committee reviews the compensation of our NEOs, as well as the overall compensation practices for the organization. Performance incentive programs and annual salary adjustments are reviewed and approved by the CHR Committee for all NEOs, with the exception of the CEO, whose compensation is reviewed by the CHR Committee and recommended to our full Board for ratification. An important aspect of the review is an assessment of whether the programs encourage our NEOs or any other employee of Hanmi to take unacceptable risk, in the short or long term.

Upon due consideration of these items, the CHR Committee believes that the Company's compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on its business or operations.

TAX DEDUCTIBILITY OF EXECUTIVE OFFICER COMPENSATION

Under Section 162(m) of the Internal Revenue Code of 1986 (the "Code"), as amended by the Tax Cuts and Jobs Act enacted on December 22, 2017, publicly traded companies are subject to limits on the deductibility of executive compensation. Deductible compensation is limited to \$1 million per year for each "covered employee," defined as the public company's principal executive officer, principal financial officer and three additional highest compensated officers during any taxable year of the company beginning after December 31, 2017.

Prior to January 1, 2018, the CHR Committee considered the impact of Section 162(m) in determining the appropriate pay mix and compensation levels for our NEOs. Now that the qualified performance-based compensation exception is generally no longer available, the CHR Committee may determine to award compensation that exceeds the deductibility limit under 162(m) or otherwise pay non-deductible compensation when it believes that other considerations outweigh the tax deductibility of compensation.

COMPENSATION AND HUMAN RESOURCES COMMITTEE REPORT

The CHR Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the CHR Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

This Compensation and Human Resources Committee Report shall not be deemed to be incorporated by reference into any filing made by the Company under the Securities Act of 1933, as amended or the Exchange Act, notwithstanding any general statement contained in any such filing incorporating this Proxy Statement by reference, except to the extent the Company incorporates this report by specific reference.

(1) Represent salaries earned during the fiscal year shown.

(2) Represent the aggregate grant date fair value of stock awards for the year indicated in accordance with FASB ASC Topic 718. The grant date fair value of time-based restricted stock awards is calculated using the closing market price of our common stock on the grant date. The per-share grant date fair value for performance-based restricted stock is estimated based on the use of a Monte Carlo valuation methodology and the probable outcome of the achievement of the performance conditions as determined in accordance with FASB Topic 718, which resulted in a per-share grant date fair value of \$14.30 for 2024. The maximum grant date fair value of the performance-based restricted stock units based on the original grant date fair value is \$643,500 for Ms. Lee, \$217,803 for Mr. Santarosa, \$133,655 for Mr. Kim, \$116,817 for Mr. Fuhr, and \$66,516 for Mr. Du. For additional information on the valuation assumptions for these grants, see Note 15 (Share-Based Compensation) to our Consolidated Financial Statements included in our Form 10-K for the year-ended December 31, 2024.

- (1) The Annual Incentive Plan provides a cash payout based on performance. The amounts disclosed in these columns reflect the threshold, target, and maximum annual cash incentive opportunities for NEOs in 2024. The amount of the annual cash incentive opportunity depends on the base salary of the NEO for the year. Threshold performance results in a payout at 50% of target and maximum payout is 150% of target. Linear interpolation is used to determine the applicable payout amount between the threshold and target and between the target and maximum. See the “Non-Equity Incentive Plan Compensation” column in the “Summary Compensation Table” for actual 2024 bonuses paid.
- (2) Amounts in these columns represent the award of performance-based restricted stock units granted to all NEOs. The indicated threshold, target and maximum amounts correspond to the number of shares that would be earned if specified threshold, target and maximum targets were achieved (with linear interpolation for performance between the threshold and target and target and maximum levels). For more information on the 2024 performance-based restricted stock unit awards, see the *Compensation Discussion and Analysis – Long Term Incentives* section.
- (3) Amounts disclosed in this column reflect the number of restricted stock awards granted to our NEOs in 2024.
- (4) Amounts in this column represent the grant date fair values of stock awards granted to our NEOs in accordance with FASB ASC Topic 718. The grant date fair value of the restricted stock awards is calculated using the closing market price of our common stock on the grant date. The per share grant date fair value for the performance-based restricted stock units with market-based conditions (TSR) is estimated based on the Monte Carlo valuation methodology and the probable outcome of the achievement of the performance conditions as determined in accordance with FASB ASC Topic 718, which resulted in a per share grant date fair value of \$14.30. For additional information on the valuation assumptions, see Note 15 (Share-Based Compensation) to our Consolidated Financial Statements included in our Form 10-K for the year ended December 31, 2024.

EMPLOYMENT AGREEMENTS

Ms. Lee

In February 2022, the Company entered into an amended and restated employment agreement with Ms. Lee (the “Lee Amended Agreement”) to clarify the terms of her annual bonus and change in control cash severance payment. The Lee Amended Agreement superseded and replaced the employment agreement between the Company and Ms. Lee, dated as of February 26, 2020 as amended in August 2021. In March 2025, the Company entered into a First Amendment to the Lee Amended Agreement, extending the term of the agreement to April 28, 2028, or if earlier, the close of business on the effective date of termination of employment pursuant to Section 5 of the Lee Amended Agreement. On April 28, 2028, and on each subsequent anniversary, the term of the Lee Amended Agreement will automatically renew for an additional year, unless either party provides written notice of non-renewal. All other terms of the Lee Amended Agreement remain in effect. The terms of the Lee Amended Agreement are described below.

- **COMPENSATION:** The initial annual base salary for Ms. Lee is \$715,000, which may be increased, but not decreased (as indicated above, the CHR Committee approved Ms. Lee's base salary of \$780,000 for 2024), in the sole discretion of the Board. Under the terms of her employment agreement, Ms. Lee is eligible to receive an annual cash bonus pursuant to the annual cash bonus plan. Under the Lee Amended Agreement, Ms. Lee is entitled to participate in employee benefit plans for which she may be eligible and will receive certain perquisites, including a monthly automobile allowance of \$3,000, payment of membership club dues not to exceed \$20,000 annually, Company-provided welfare benefits, including but not limited to medical, dental, vision and life insurance coverage, and 25 days of paid vacation annually. In addition, the Lee Amended Agreement provides Ms. Lee with term life insurance coverage of up to \$1,000,000, or such lesser amount as can be purchased for an annual premium of \$25,000, during the term of the Lee Amended Agreement.
- **TERMINATION WITHOUT CAUSE OR FOR GOOD REASON:** The termination provisions remain unchanged in the Lee Amended Agreement, which provides that if Ms. Lee's employment is terminated either by the Company without "cause" or by her for "good reason," in either case, other than within eighteen (18) months following a "change in control," and subject to Ms. Lee's execution of a general release of claims, Ms. Lee will be entitled to receive the following severance payments and benefits: (i) continued payment of her then-current annual base salary for twelve (12) months following the date of termination, (ii) a lump-sum payment equal to the pro-rated portion of her prior year's annual bonus based on the number of days worked during the year of termination, (iii) accelerated vesting of any unvested time-based equity awards held by Ms. Lee that would have vested if Ms. Lee's employment had continued for one year following the date of termination, and (iv) continued health insurance benefits at the Company's expense under COBRA for up to eighteen (18) months.
- **TERMINATION IN CONNECTION WITH A CHANGE IN CONTROL:** The change in control termination provisions remain unchanged in the Lee Amended Agreement, which provides that if, within eighteen (18) months following a change in control, Ms. Lee's employment with the Company is terminated either by the Company without cause or by her for good reason, and subject to Ms. Lee's execution of a general release of claims, Ms. Lee will be entitled to receive the following severance payments and benefits: (i) a lump sum payment equal to two and one-half times the sum of her then-current annual base salary and the greater of her then-average annual bonus earned over the prior three consecutive calendar years or her then-target annual bonus (which is at "target" under the AIP), and (ii) continued health insurance benefits at the Company's expense under COBRA for up to eighteen (18) months.
- **TERMINATION DUE TO DEATH OR DISABILITY:** The termination provisions related to death or disability remain unchanged in the Lee Amended Agreement, which provides that if Ms. Lee's employment terminates due to her death or disability, then she or her estate, as applicable, will be entitled to receive a lump-sum payment equal to the pro-rated portion of her prior year's annual bonus based on the number of days worked during the year of termination.
- **CHANGE IN CONTROL:** In the event of a change in control of the Company, Ms. Lee's time-based equity awards will fully vest and performance-based equity awards will be treated in accordance with the terms of the applicable equity plan or award agreements.
- **EQUITY AWARDS:** In the event of Ms. Lee's termination for any of the reasons set forth above, Ms. Lee's performance-based equity awards will be treated in accordance with the terms of the applicable award agreements.
- **RESTRICTIVE COVENANTS:** Ms. Lee remains subject to the confidentiality, non-solicitation and other covenants included in her restrictive covenant agreements with the Company and the non-disparagement covenant set forth in the Lee Amended Agreement. If any payments or benefits provided to Ms. Lee in connection with a change in control are subject to excise taxes as a result of the application of Sections 280G and 4999 of the Internal Revenue Code, such payments and benefits will be reduced so that no excise tax is payable, but only if this reduction results in a more favorable after-tax position for her.

Mr. Santarosa

In February 2020, the Company entered into an amended employment agreement with Senior Executive Vice President and CFO, Romolo C. Santarosa to clarify the change in control cash severance payment. The amended agreement, which superseded and replaced his employment agreement entered into in July 2019. In July 2022, the Company entered into a first amendment to the amended and restated employment agreement with Mr. Santarosa ("Santarosa Amended

Agreement”) that extended the term of the employment agreement. In March 2025, the Company entered into a second amendment to the Santarosa Amended Agreement, extending the term of the agreement to December 31, 2027, or if earlier, the close of business on the effective date of termination of employment pursuant to Section 5 of the Santarosa Amended Agreement. On December 31, 2027, and on each subsequent anniversary, the term of the Santarosa Amended Agreement will automatically renew for an additional year, unless either party provides written notice of non-renewal. All other terms of the Santarosa Amended Agreement remain in effect. The terms of the Santarosa Amended Agreement are described below.

- **COMPENSATION:** The initial base salary of Mr. Santarosa is \$400,000 (as indicated above, the CHR Committee approved Mr. Santarosa's base salary of \$480,000 for 2024), and may be increased, but not decreased (except in limited circumstances set forth in the employment agreement) by the Board, based on the recommendation of the CHR Committee. Mr. Santarosa is also entitled to participate in employee benefit plans for which he may be eligible and fringe benefits to which the Company's senior executives are entitled.
- **TERMINATION WITHOUT CAUSE OR FOR GOOD REASON:** The Santarosa Amended Agreement provides that if Mr. Santarosa's employment is terminated either by the Company without "cause" or by him for "good reason," in either case, other than within eighteen (18) months following a "change in control," and subject to Mr. Santarosa's execution of a general release of claims, Mr. Santarosa will be entitled to receive the following severance payments and benefits: (i) continued payment of his then-current annual base salary for twelve (12) months following the date of termination, (ii) a lump-sum payment equal to the pro-rated portion of his prior year's annual bonus based on the number of days worked during the year of termination, (iii) accelerated vesting of unvested time-based equity awards held by Mr. Santarosa that would have vested if Mr. Santarosa's employment had continued for one year following the date of termination, and (iv) continued health insurance benefits at the Company's expense under COBRA for up to eighteen (18) months.
- **TERMINATION IN CONNECTION WITH A CHANGE IN CONTROL:** If, within eighteen (18) months following a change in control, Mr. Santarosa's employment with the Company is terminated either by the Company without cause or by Mr. Santarosa for good reason, and subject to Mr. Santarosa execution of a general release of claims, he will be entitled to receive the following severance payments and benefits: (i) a lump sum payment equal to two times the sum of his then-current annual base salary and the greater of his then-average annual bonus earned over the prior two consecutive calendar years or his then-target annual bonus, and (ii) continued health insurance benefits at the Company's expense under COBRA for up to eighteen (18) months.
- **TERMINATION DUE TO DEATH OR DISABILITY:** If Mr. Santarosa's employment terminates due to his death or disability, then he or his estate, as applicable, will be entitled to receive a lump-sum payment equal to the pro-rated portion of his prior year's annual bonus based on the number of days worked during the year of termination.
- **CHANGE IN CONTROL:** In the event of a change in control of the Company, Mr. Santarosa's time-based equity awards will fully vest and performance-based equity awards will be treated in accordance with the terms of the applicable equity plan or award agreements.
- **EQUITY AWARDS:** In the event of Mr. Santarosa's termination for any of the reasons set forth above, Mr. Santarosa's performance-based equity awards will be treated in accordance with the terms of the applicable award agreements.
- **RESTRICTIVE COVENANTS:** Mr. Santarosa also remains subject to the confidentiality, non-solicitation and other covenants included in his restrictive covenant agreement with the Company and the non-disparagement covenant set forth in the Santarosa Amended Agreement. In addition, if any payments or benefits provided to Mr. Santarosa in connection with a change in control are subject to excise taxes as a result of the application of Sections 280G and 4999 of the Internal Revenue Code, such payments and benefits will be reduced so that no excise tax is payable, but only if this reduction results in a more favorable after-tax position for the executive.

POTENTIAL PAYMENTS UPON TERMINATION OF EMPLOYMENT OR CHANGE IN CONTROL

Our NEOs may be entitled to certain payments and benefits in the event of a qualifying termination of employment and/or change in control.

Employment Agreements. Ms. Lee's and Mr. Santarosa's employment agreements provide for certain severance pay and benefits upon a qualifying termination of employment, including in connection with a change in control, in addition to accelerated vesting of certain equity awards in connection with a change in control. For additional information, see "Employment Agreements" section above.

Performance Based Restricted Stock Units.

- All shares of performance-based restricted stock units granted under the 2021 Plan will only vest upon the occurrence of a "Change in Control" (as defined in the 2021 Plan) that is coincident with or followed by the termination of the NEO's employment without "Cause" or by the NEO for "Good Reason" (as those terms are defined in the 2021 Plan or award agreements) and these performance-based restricted stock units will vest upon actual achievement of the performance goals measured through the date of the qualifying termination. Any units that do not become vested based on the actual performance through the date of the change in control will be forfeited.
- If the NEO's employment is terminated by the Company without "Cause" or by the executive for "Good Reason" (as those terms are defined in the in the 2021 Plan), the performance-based restricted stock units granted under the 2021 Plan will vest on the date of termination based on actual achievement of the performance goals measured through the date of termination, pro-rated for the number of days worked during the performance period. Any units that do not become vested based on the actual performance through the date of the change in control will be forfeited.

Restricted Stock. All time-based restricted stock awards granted pursuant to the Company's 2021 Plan, except as provided in the Lee Amended Agreement and the Santarosa Amended Agreement, will only vest upon the occurrence of a "Change in Control" (as defined in 2021 Plan) that is coincident with or followed by the termination of NEO's employment without "Cause" or by the NEO for "Good Reason" (as those terms are defined in the 2021 Plan or award agreements). As noted above in the *Employment Agreements* section, the time-based restricted stock awards held by Ms. Lee and Mr. Santarosa will automatically vest upon the occurrence of a "Change in Control" (as defined in their employment agreements) pursuant to their respective employment agreements.

Voluntary Termination and Termination for Cause. Upon voluntary termination or termination by the Company for cause NEOs would forfeit all unvested equity and are not eligible to receive any termination- related compensation, except payments for services performed or benefits already accrued.

EXECUTIVE COMPENSATION

The tables below set forth for each of the NEOs the amount of the severance payments and benefits and the accelerated vesting of equity awards that the NEOs would have been entitled to upon various change in control and termination of employment events as described above, assuming that a change in control and/or termination of employment occurred on December 31, 2024.

(1) The amount shown is equal to the number of shares of time-based restricted stock and performance-based restricted stock units that would accelerate vesting upon a change in control or termination of employment (as applicable), multiplied by \$23.62, the closing price of our common stock on December 31, 2024.

(2) Upon the occurrence of a change in control that is coincident with or followed by NEO's termination without cause or resignation for good reason, the performance-based restricted stock unit awards granted under the 2021 Plan will vest based on actual achievement of the performance goal measured through the employment termination date. All outstanding and unvested time-based restricted stock awards will also fully vest upon the occurrence of a change in control that is coincident with or followed by the termination of NEO's employment without cause or resignation for good reason (except as provided under the Lee Amended Agreement and the Santarosa Amended Agreement, discussed further in the footnote below).

(3) The Lee Amended Agreement provides for payment of certain benefits in the event of various termination scenarios.

— **Termination Without Cause or For Good Reason:** Ms. Lee is entitled to payment of her then current base salary for one year (which is \$780,000), accrued but unused vacation, the pro-rated portion of her prior year's bonus (which was \$515,738) based on the number of days worked during the year of termination, vesting of her time-based restricted stock awards as if her employment had continued for one year following the termination date (December 31, 2024, for reporting purposes in this table), pro-rated vesting of the performance-based restricted stock unit awards based on actual performance as of December 31, 2024, and reimbursement for COBRA payments for a period of 18 months.

- Termination in Connection with a Change in Control: If Ms. Lee's employment is terminated by us without cause or by her for good reason, in either case, within 18 months of a change in control, she is entitled to receive a lump-sum payment in an amount equal to two and one half times the sum of (a) her then current base salary and (b) the greater of (i) the average annual bonus earned over the past three calendar years or (ii) her then current year's target annual bonus, accrued but unused vacation, accelerated vesting of all time-based restricted stock awards upon a change in control, vesting of the performance-based restricted stock unit awards based on performance as of December 31, 2024 as described in footnote #2 above, and reimbursement for COBRA payments for a period of 18 months. If any payments or benefits provided to Ms. Lee in connection with a change in control are subject to excise taxes as a result of the application of Sections 280G and 4999 of the Internal Revenue Code, such payments and benefits will be reduced so that no excise tax is payable, but only if this reduction results in a more favorable after-tax position for her.
- (4) The Santarosa Amended Agreement provides for payment of certain benefits in the event of various termination scenarios.
- Termination Without Cause or For Good Reason: Mr. Santarosa is entitled to payment of his then current base salary for one year (which is \$480,000), the pro-rated portion of his prior year's bonus based on the number of days worked during the year of termination (which was \$204,042), accrued but unused vacation, vesting of his time based restricted stock awards as if his employment had continued for one year following the actual termination date (December 31, 2024, for reporting purposes in this table), pro-rated vesting of the performance-based restricted stock unit awards based on actual performance as of December 31, 2024, and reimbursement for COBRA payments for a period of 18 months.
 - Termination in Connection with a Change in Control: If Mr. Santarosa's employment is terminated by us without cause or by him for good reason, in either case, within 18 months of a change in control, he is entitled to receive a lump-sum payment in an amount equal to two times the sum of (a) his then current base salary and (b) greater of (i) the average annual bonus earned over the past two calendar years or (ii) his then current year's target annual bonus, accrued but unused vacation, accelerated vesting of all time-based restricted stock awards upon a change in control, vesting of the performance-based restricted stock unit awards based on performance as of December 31, 2024 as described in footnote #2 above, and reimbursement for COBRA payments for a period of 18 months. If any payments or benefits provided to Mr. Santarosa in connection with a change in control are subject to excise taxes as a result of the application of Sections 280G and 4999 of the Internal Revenue Code, such payments and benefits will be reduced so that no excise tax is payable, but only if this reduction results in a more favorable after-tax position for him.
- (5) The Lee Amended Agreement and the Santarosa Amended Agreement provide that, upon death or disability, the Company will pay an amount equal to any accrued but unused vacation and a pro-rated portion of the prior year's bonus based on the number days worked during the year of termination. Ms. Lee and Mr. Santarosa would each receive the full amount of the 2023 bonus payout (\$515,738 and \$204,042, respectively), as this table assumes the termination would have occurred on the last day of the fiscal year.
- (6) To provide a complete view of the amount Ms. Lee and Mr. Santarosa would receive for a qualifying termination of employment in connection with a change in control, this amount also includes the value of the equity acceleration that would occur automatically on a change in control.

CEO PAY RATIO

As required by Section 953(b) of the Dodd-Frank Act, and Item 402(u) of Regulation S-K, we are providing the following information.

For 2024:

- The median of the annual total compensation of all employees of our company (other than our CEO), was \$78,376 and
- The annual total compensation of Ms. Lee, our CEO was \$2,268,302.

Based on this information, the ratio for 2024 of the annual total compensation of our CEO to the median of the annual total compensation of all employees is 29 to 1.

SEC rules allow us to identify our median employee once every three years unless there has been a change in our employee population or employee compensation arrangements that we reasonably believe would result in a significant change in our pay ratio disclosure. We believe there have been no changes in our employee population or employee compensation arrangements that would result in a significant change to this pay ratio disclosure. Therefore, we are using the same median employee identified for fiscal year 2023 for this year's disclosure.

We completed the following steps to identify the median of the annual total compensation of all our employees and to determine the annual total compensation of our median employee and CEO:

- The median employee was identified for 2023 based on the employee population on December 31, 2023, which consisted of all full-time, part-time, temporary, and seasonal employees employed on that date.
- To identify the median employee of our population (other than our CEO), we used wages from our payroll records as reported to the Internal Revenue Service on Form W-2 for fiscal 2023.
- We identified our median employee using this compensation measure and methodology, which was consistently applied to all our employees included in the calculation.
- After identifying the median employee, we added together all of the elements of such employee's compensation for 2024 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in annual total compensation of \$78,376.

With respect to the annual total compensation of our CEO, we used the amount reported in the "Total" column of our 2024 Summary Compensation Table, which is also in accordance with the requirements of Item 402(c)(2)(x).

PAY VERSUS PERFORMANCE (“PVP”)

In accordance with Item 402(v) of Regulation S-K, we are providing the following information regarding the relationship between executive compensation and our financial performance for each of the last five completed calendar years. In determining the Compensation Actually Paid to our principal executive officer (“PEO”) and Non-PEO NEOs reported in the table below, we are required to make various adjustments to amounts that have been previously reported in the Summary Compensation Table in previous years, as the SEC’s valuation methods for this section differ from those required in the Summary Compensation Table. The table below summarizes compensation values both previously reported in our Summary Compensation Table, as well as the adjusted values required in this section for the 2020, 2021, 2022, 2023, and 2024 calendar years. Note that for our NEOs other than our PEO, compensation is reported as an average.

The comparison assumes \$100 was invested for the period starting December 31, 2019, through the end of the listed year for the Company and in the S&P U.S. Small Cap Banks Index, respectively. Historical stock performance is not necessarily indicative of future stock performance.

PROPOSAL NO. 2 NON-BINDING ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION (“SAY-ON-PAY” VOTE)

Our overall executive compensation program, as described in this Proxy Statement, is designed to pay for performance and directly aligns the interest of our executive officers with the long-term interests of our stockholders. Our stockholders have the opportunity to vote to approve, on a non-binding advisory basis, the compensation of our NEOs as disclosed in this Proxy Statement in accordance with the SEC’s rules.

VOTING AND EFFECT OF VOTE

Because your vote is advisory, it will not be binding upon the Board. In the event this non-binding proposal is not approved by our stockholders, then such a vote will neither be construed as overruling a decision by our Board or our CHR Committee, nor create or imply any additional fiduciary duty by our Board or our CHR Committee. Notwithstanding the foregoing, the Board of Directors and the CHR Committee will consider the non-binding vote of our stockholders on this proposal when reviewing compensation policies and practices in the future.

BOARD RECOMMENDATION

Our overall executive compensation policies and procedures are described in the *Compensation Discussion and Analysis* and the tabular and accompanying narrative disclosure regarding NEO compensation in this Proxy Statement. We believe that going forward, our compensation policies and procedures will continue to be centered on a pay-for-performance culture and are aligned with the long-term interests of our stockholders, as described in the *Compensation Discussion and Analysis*. The CHR Committee, which is comprised entirely of independent directors, oversees our executive compensation program and continually monitors our policies to ensure that they continue to emphasize programs that reward executives for results that are consistent with stockholder interests.

Stockholders are encouraged to carefully review the *Compensation Discussion and Analysis* section of this Proxy Statement for a detailed discussion of the Company’s executive compensation program. Our Board and our CHR Committee believe that our commitment to these responsible compensation practices justifies a vote by stockholders “FOR” the following resolution approving the compensation of our executives:

Resolved, that the stockholders of Hanmi Financial Corporation hereby approve the compensation of our Named Executive Officers pursuant to Item 402 of Regulation S-K, as described in the Compensation Discussion and Analysis, the executive compensation tables and narrative discussion contained in the Proxy Statement.

NON-BINDING RESOLUTION APPROVING THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS**

PROPOSAL NO. 3 APPROVAL OF THE OFFICER EXCULPATION AMENDMENT

The State of Delaware, which is our state of incorporation, amended Section 102(b)(7) of the Delaware General Corporation Law (“DGCL”) to permit a corporation to eliminate or limit the personal liability of certain officers to the corporation or its stockholders for breaches of the fiduciary duty of care as an officer in certain limited circumstances. We sometimes refer to this elimination or limitation of personal liability as “exculpation” in this proxy statement. Prior to amended DGCL Section 102(b)(7), Delaware law authorized such exculpation for directors but not for officers. As with directors, the exculpation protection does not apply to an officer’s breaches of the duty of loyalty, acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law, or any transaction in which the officer derived an improper personal benefit. Unlike director exculpation, however, the protection for officers under amended DGCL Section 102(b)(7) only permits officer exculpation for direct claims brought by stockholders for breach of an officer’s fiduciary duty of care, including class actions, but does not eliminate an officer’s monetary liability for breach of fiduciary duty claims brought by the corporation itself or for derivative claims brought by stockholders in the name of the corporation. To gain the added protection for officers, we must amend our Amended and Restated Certificate of Incorporation to add an officer exculpation provision.

An exculpation provision is one of three tools, in addition to indemnification and directors’ and officers’ (“D&O”) liability insurance, that can be used by directors and officers to protect themselves from personal liability incurred as a result of serving as a director or officer of a corporation. In general, exculpation provisions seek to prevent liability attaching to directors or officers, while indemnification and D&O insurance seek to compensate and hold directors and officers harmless when they have incurred liability or are faced with defending liability claims. The Board believes it is important to provide not only its directors but also its officers protection from certain liabilities and expenses that may discourage prospective or current officers from serving as officers of the Company. Accordingly, on January 27, 2025, the Board approved, subject to stockholder approval, a proposed amendment to our Amended and Restated Certificate of Incorporation to eliminate or limit the personal liability of our officers, as provided below (the “Officer Exculpation Amendment”).

In the absence of such protection, the Board believes qualified officers might be deterred from serving as officers of the Company due to potential exposure to personal liability and the risk that substantial expense could be incurred in defending lawsuits, regardless of merit. In approving the proposed Officer Exculpation Amendment, the Board took into account several factors, such as the narrow class and type of claims that such officers would be exculpated from liability pursuant to amended DGCL Section 102(b)(7), the limited number of our officers who would be impacted, and the benefits the Board believes would accrue to us by providing officer exculpation in accordance with DGCL Section 102(b)(7), including, without limitation, the ability to attract and retain key officers and the potential to reduce litigation costs associated with frivolous lawsuits. The Board balanced these considerations with our corporate governance practices and determined that it is advisable and in the best interests of the Company and our stockholders to amend our Certificate of Incorporation to add an officer exculpation provision to eliminate or limit the personal liability of certain officers, except to the extent such exemption from liability or limitation thereof is not permitted under the DGCL as the same exists or may hereafter be amended.

TEXT OF PROPOSED OFFICER EXCULPATION AMENDMENT

The Board proposes amending Article XI of the Amended and Restated Certificate of Incorporation to effect the following changes:

ARTICLE XI

To the fullest extent permitted by the General Corporation Law of the State of Delaware as the same exists or may hereafter be amended, a director or officer of the Corporation shall not be liable to the Corporation or its stockholders for monetary damages for breach of his/her fiduciary duty as a director or officer with respect to any acts or omissions in the performance of his or her duties as a director or officer of the Corporation. No amendment to or repeal of this Article XI shall apply to or have any effect on the liability or alleged liability of a director or officer of the Corporation for or with respect to any acts or omissions of such director or officer occurring prior to such amendment or repeal. If the General Corporation Law of the State of Delaware is amended to authorize corporate action further eliminating or limiting the personal liability of directors or officers, then the liability of directors or officers shall be eliminated or limited to the fullest extent permitted by the General Corporation Law of the State of Delaware, as so amended.

VOTING AND EFFECT OF VOTE

The amendment requires the affirmative vote of the holders of at least two-thirds of the outstanding shares to amend Article XI, as proposed above.

If the proposed Officer Exculpation Amendment is approved by our stockholders, it would become effective immediately upon the filing of the Certificate of Amendment with the Secretary of State of the State of Delaware, which we would expect to file promptly after the Annual Meeting. After effectiveness of the Officer Exculpation Amendment, the new officer exculpation provision would apply only with respect to acts or omissions by our officers occurring after the date of the Officer Exculpation Amendment.

If the proposed Officer Exculpation Amendment is not approved by our stockholders, our Amended and Restated Certificate of Incorporation would remain unchanged.

In accordance with the DGCL, the Board may elect to abandon the proposed Officer Exculpation Amendment without further action by our stockholders at any time prior to the effectiveness of the filing of the Certificate of Amendment with the Secretary of State of the State of Delaware, notwithstanding stockholder approval of the proposed Officer Exculpation Amendment at the Annual Meeting.

BOARD RECOMMENDATION

The Board unanimously recommends that our stockholders approve the proposed Officer Exculpation Amendment, which would amend the Company's Amended and Restated Certificate of Incorporation to limit the liability of certain officers of the Company as permitted pursuant to Delaware General Corporation Law.

OFFICER EXCULPATION AMENDMENT***

PROPOSAL NO. 4 RATIFICATION OF THE APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

We are asking our stockholders to ratify the appointment by the Audit Committee of Crowe LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2025. Crowe LLP has advised us that it has no direct or indirect financial interest in us. Representatives of Crowe LLP are expected to be available at the Annual Meeting and will have the opportunity to make a statement if they desire to do so. It is also expected that they will be available to respond to appropriate questions.

VOTING AND EFFECT OF VOTE

Under applicable SEC regulations, the selection of our independent registered public accounting firm is solely the responsibility of the Audit Committee. Neither our Bylaws nor other governing documents or law require stockholder ratification of the selection of Crowe LLP as the Company's independent registered public accounting firm. However, we are submitting the selection of Crowe LLP to our stockholders for ratification to obtain our stockholders' views. If our stockholders fail to ratify the selection of Crowe LLP, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection of Crowe LLP is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in our and our stockholders' best interests.

BOARD RECOMMENDATION

The Board considers the selection of Crowe LLP as our independent registered public accounting firm to be in the best interests of Hanmi and our stockholders.

OUR BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF CROWE LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2025

AUDIT COMMITTEE PRE-APPROVAL POLICIES AND PROCEDURES

The Audit Committee has established “Pre-Approval Policies and Procedures” for independent auditor services. Any proposed services not pre-approved or exceeding pre-approved cost levels require specific pre-approval by the Audit Committee. The Audit Committee may not delegate to management its responsibilities to pre-approve services performed by the independent auditor; however, the Audit Committee may delegate pre-approval authority to one or more of its members.

In 2024, the Audit Committee Chairperson was permitted to approve fees up to \$50,000 with the requirement that any pre-approved decisions be reported to the Audit Committee at its next scheduled meeting. All services provided by the independent auditors were pre-approved in accordance with the Audit Committee’s pre-approval requirements.

AUDIT COMMITTEE REPORT

The following Audit Committee Report is not deemed to be “soliciting material” or to be “filed” with the SEC or subject to the SEC’s proxy rules or the liabilities of Section 18 of the Exchange Act and the report shall not be deemed to be incorporated by reference into any prior or subsequent filing by the Company under the Securities Act of 1933, as amended, or the Exchange Act, except to the extent the Company specifically incorporates this Audit Committee Report therein.

In performing its functions, the Audit Committee met and held discussions with management and with Crowe LLP, the independent registered public accounting firm for the Company and its wholly-owned subsidiary, Hanmi Bank. Management represented to the Audit Committee that the consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has:

- Reviewed and discussed the audited financial statements with management;
- Discussed with the independent registered public accounting firm the matters required to be discussed under the Public Company Accounting Oversight Board (the “PCAOB”); and
- Received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent registered public accounting firm’s communications with the Audit Committee regarding independence. The Audit Committee discussed any relationships that may impact the objectivity and independence of Crowe LLP, and satisfied itself as to their independence.

In performing these functions, the Audit Committee acts only in an oversight capacity. In its oversight role, the Audit Committee relies on the work and assurances of the Company’s management, which has the primary responsibility for the consolidated financial statements, and of the independent registered public accounting firm that, in its report, expresses an opinion on the conformity of the Company’s consolidated financial statements with U.S. generally accepted accounting principles. The Audit Committee’s oversight does not provide it with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal control over financial reporting designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee’s considerations and discussions with management and the independent registered public accounting firm do not assure that the Company’s consolidated financial statements are presented in accordance with U.S. generally accepted accounting principles, that the audit of the Company’s consolidated financial statements has been carried out in accordance with the standards of the Public Company Accounting Oversight Board (United States) or that the Company’s independent registered public accounting firm is “independent.”

Based on these discussions and reviews, the Company’s Audit Committee recommended to the Board of Directors that the Company’s audited financial statements be included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2024 for filing with the SEC.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

REVIEW, APPROVAL OR RATIFICATION OF TRANSACTIONS WITH RELATED PERSONS

Hanmi maintains a Code of Business Conduct and Ethics, which governs the review and approval of transactions with related persons. This policy requires that executive officers, directors, and their family members and entities for which any of those persons serve as officers or partners or in which they have a ten percent (10%) or greater interest, notify Hanmi's Corporate Secretary before entering into transactions or other arrangements with Hanmi or any of its affiliates (other than loans subject to Regulation O promulgated by the Board of Governors of the Federal Reserve System such as loans exceeding \$25,000, which must be approved by the Bank Board). Hanmi's Corporate Secretary will determine whether, under these guidelines, the transaction or arrangement should be submitted to the Audit Committee for review and approval. In determining whether to submit proposed transactions to the Audit Committee for consideration, Hanmi's Corporate Secretary will consider, among other things, the aggregate value of the proposed transaction and whether the related person has an indirect or direct material interest in the transaction. The Audit Committee will review all relevant material information and consider, among other things, the benefits to Hanmi of the proposed transaction, and whether the terms of the proposed transaction are comparable to the terms available to an unrelated third party and employees generally. These policies also include provisions for the review and possible ratification of transactions and arrangements that are entered into without prior review.

The Bank did not enter into any related-party transactions that required review, approval, or ratification under these policies in 2024.

TRANSACTIONS WITH RELATED PERSONS

Some of Hanmi's directors and executive officers, and their immediate families, as well as the companies with which they are associated, are customers of, or have had banking transactions with, Hanmi or Hanmi Bank in the ordinary course of Hanmi's business, and Hanmi expects to have banking transactions with such persons in the future. Any banking or lending transactions that exist have been made and would be made in the ordinary course of business, in compliance with applicable laws on substantially the same terms, including interest rates and collateral, as those prevailing for comparable transactions with other persons of similar creditworthiness and have and would not involve more than a normal risk of repayment or present other unfavorable features.
