Please read the following information before reviewing the information contained herein:

This presentation contains forward-looking statements, which are included in accordance with the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995. In some cases, you can identify forward-looking statements by terminology such as "may," "will," "should," "could," "expects," "plans," "intends," "anticipates," "believes," "estimates," "predicts," "potential," or "continue," or the negative of such terms and other comparable terminology. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. All statements other than statements of historical fact are "forward-looking statements" for purposes of federal and state securities laws, including, but not limited to, statements about anticipated future operating and financial performance, financial position and liquidity, business strategies, regulatory and competitive outlook, investment and expenditure plans, capital and financing needs and availability, plans and objectives of management for future operations, developments regarding our capital plans and other similar forecasts and statements of expectation and statements of assumption underlying any of the foregoing. These statements involve known and unknown risks, uncertainties and other factors that may cause our actual results, levels of activity, performance or achievements to differ from those expressed or implied by the forward-looking statement. These factors include the following: failure to maintain adequate levels of capital and liquidity to support our operations; the effect of regulatory orders we have entered into and potential future supervisory action against us or Hanmi Bank; general economic and business conditions internationally, nationally and in those areas in which we operate; volatility and deterioration in the credit and equity markets; changes in consumer spending, borrowing and savings habits; availability of capital from private and government sources; demographic changes; competition for loans and deposits and failure to attract or retain loans and deposits; fluctuations in interest rates and a decline in the level of our interest rate spread; risks of natural disasters related to our real estate portfolio; risks associated with Small Business Administration loans; failure to attract or retain key employees; changes in governmental regulation, including, but not limited to, any increase in FDIC insurance premiums; ability to receive regulatory approval for Hanmi Bank to declare dividends to Hanmi Financial; ability to recapture DTA; adequacy of our allowance for loan losses; credit quality and the effect of credit quality on our provision for credit losses and allowance for loan losses; changes in the financial performance and/or condition of our borrowers and the ability of our borrowers to perform under the terms of their loans and other terms of credit agreements; our ability to control expenses; and changes in securities markets. In addition, we set forth certain risks in our reports filed with the U.S. Securities and Exchange Commission ("SEC"), including, in Item 1A of our Form 10K for the year ended December 31, 2011, our quarterly reports on Form 10Q, and in current and periodic reports that we will file with the SEC hereafter, which could cause actual results to differ from those projected. We undertake no obligation to update such forward-looking statements except as required by law.

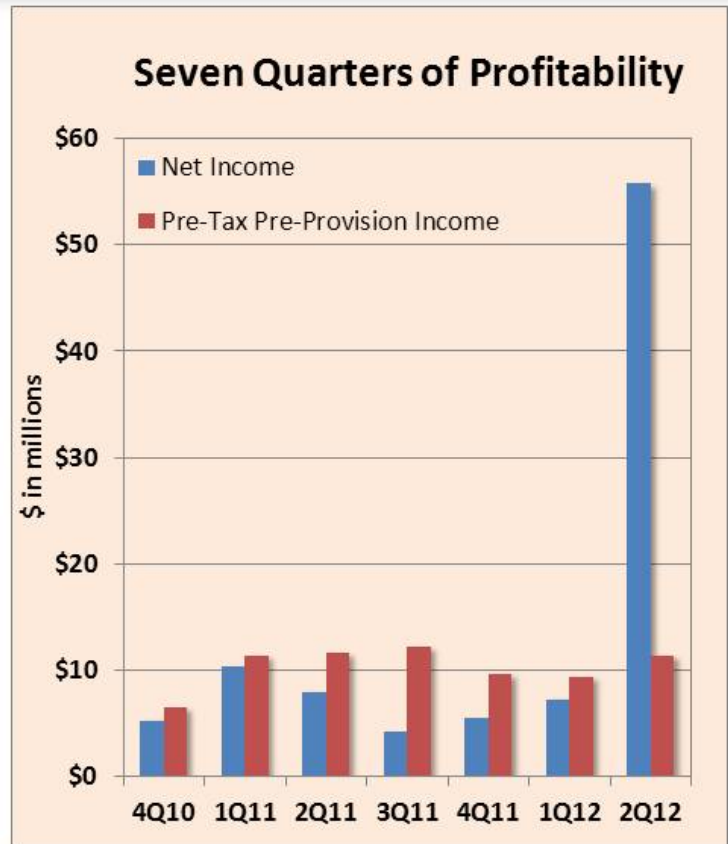

- ▶ At Hanmi Bank, we want to be regarded as the **"quality market leader in the banking industry, thereby becoming the first choice of employees, customers and shareholders."**

Established in 1982, Hanmi Bank was founded to serve the Korean-American Community. Since then, we have grown into one of the largest, premier Korean-American Banks in the United States.

"THE Bank of Choice"

- Oldest and second largest Korean-American bank in the U.S.
- Attractive target market demographics
- Premier deposit franchise and commercial banking platform
- Aggressive problem asset resolution and significantly improved credit profile
- Seven consecutive quarters of profitability, including a net tax benefit of \$47.2 million resulting from a deferred tax asset (DTA) valuation allowance reversal.
- Trading at \$10.74, or 97% of tangible book value on July 24, 2012

Please refer to the Non-GAAP reconciliation for Pre-Tax Pre-Provision Income at the end of this presentation

- Hanmi Bank is the oldest Korean-American franchise in the U.S., celebrating its 30th anniversary in 2012
- #2 market share among Korean-American banks in California, which is the largest Korean-American market in the U.S.
- Specializes in commercial, SBA and trade finance lending
- Operates 27 branches in Los Angeles, Orange, San Bernardino, San Francisco, Santa Clara and San Diego counties

 (1) Market share among all Korean-American banks with deposits in California.

- Large Korean-American population in the U.S. with concentration in key markets
 - Los Angeles is home to the largest Korean-American population in the U.S.
 - Other key markets include New York, New Jersey, Chicago, Texas, Seattle and Atlanta
- Continuing influx of Korean immigrants and funds from the ratification of the Visa Waiver Program and Korea's liberal foreign investment policies
- Business ownership among Korean-Americans is 60% greater than the national average⁽¹⁾
- Aging of first generation Korean-Americans creates substantial fee-based revenue opportunities: retirement planning and wealth management
- Ratified the Free Trade Agreement between the U.S. and Korea on March 15, 2012, which may bolster trade between the two countries and provide opportunities for increased trade finance lending

⁽¹⁾ U.S. Census and Marcus Noland Paper "The Impact of Korean Immigration to the U.S. Economy."

- Hanmi's 2Q12 earnings were its seventh consecutive profitable quarter.
- DTA valuation allowance reversal contributed \$53.1 million in 2Q12, offset by a current tax provision of \$5.9 million. The reversal resulted in an increase in tangible book value to \$11.02 per share at 6/30/12, an increase of \$1.74 per share.
- Continued core earnings expansion for the quarter
 - NIM increased 15bps to 3.84% in 2Q12
 - Efficiency ratio⁽¹⁾ declined to 61.07% from 66.56%
- Dramatically improved credit quality
 - Classified assets to the ALLL plus Tier 1 capital dropped to 32.20% at 6/30/12 from 54.00% at 3/31/12 and 101.28% at 6/30/11.
 - NPAs declined 68% to \$46.2 million year-over-year
 - Reserves / NPLs increased to 159.26% from 75.45% a year ago

(1) Calculated as noninterest expense / (net interest income + noninterest income).

- Our confidence in the sustainability of our future profitability is reflected in the DTA valuation allowance reversal.
- Pre-tax earnings were \$8.6 million, up 16% from \$7.4 million in 1Q12
- DTA valuation allowance reversal contributed \$53.1 million, or approximately \$1.69 per diluted share, to second quarter net income.
- Anticipate additional DTA valuation allowance reversal of \$10.1 million in second half of 2012, bringing total to \$63.2 million in tax benefits.

- Operating efficiencies improved with total overhead costs down 14% year-over-year
- Downward trend in efficiency ratio due to continued alignment of expense base to revenues
- Current platform will benefit from improvements driven by:
 - Revenue growth
 - Lower overhead expenses
 - Elimination of non-recurring charges
- Returning non-performing assets to productive status

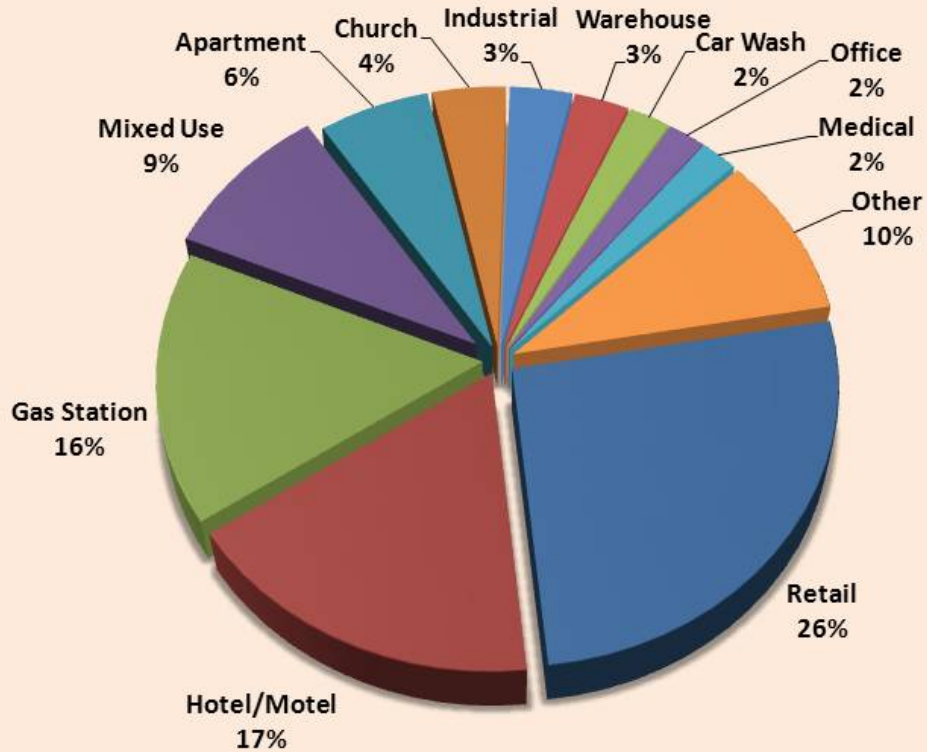

Source: Derived from Company's 10-K, 10-Q's and earnings releases.

(1) Calculated as noninterest expense / (net interest income + noninterest income). See news release of 7/19/2012 for reconciliation of non-GAAP financial measures.

- As of 2Q12, NPLs have been charged down to 72% of original principal balances
- Net of specific reserves, NPLs are being carried at approximately 65% of original principal balances
- Hanmi has sold approximately \$298 million of NPLs at 54% of original principal balances in the past eight quarters

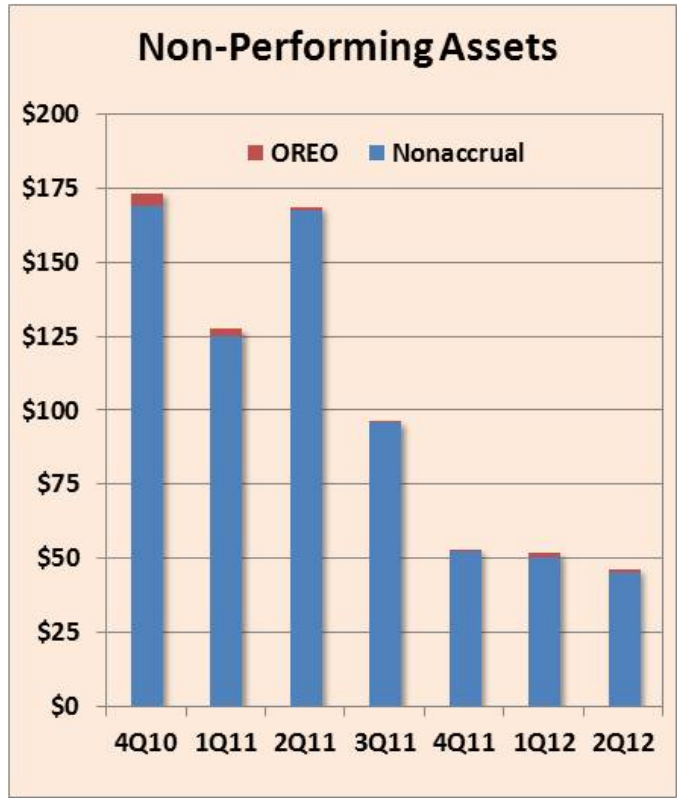

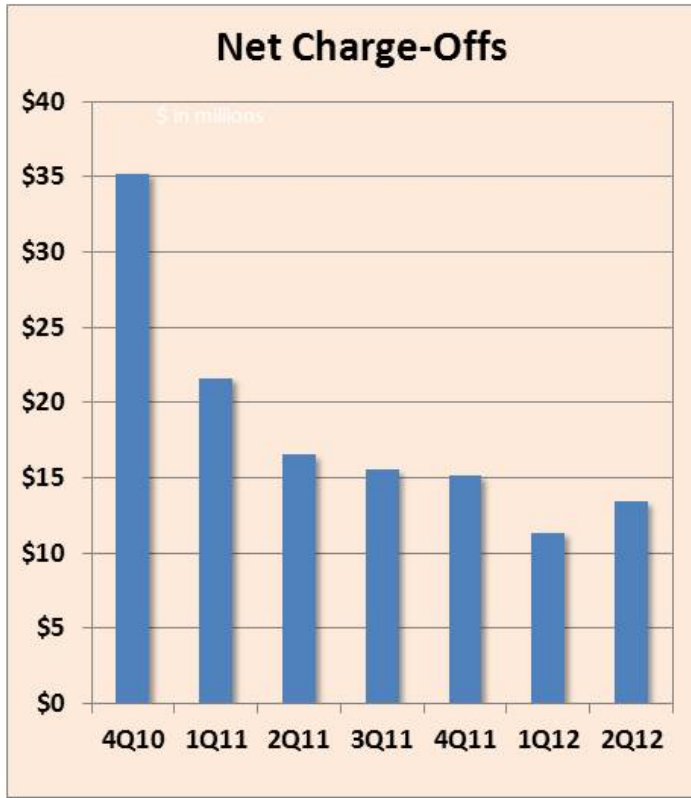

Source: Derived from Company's Data.

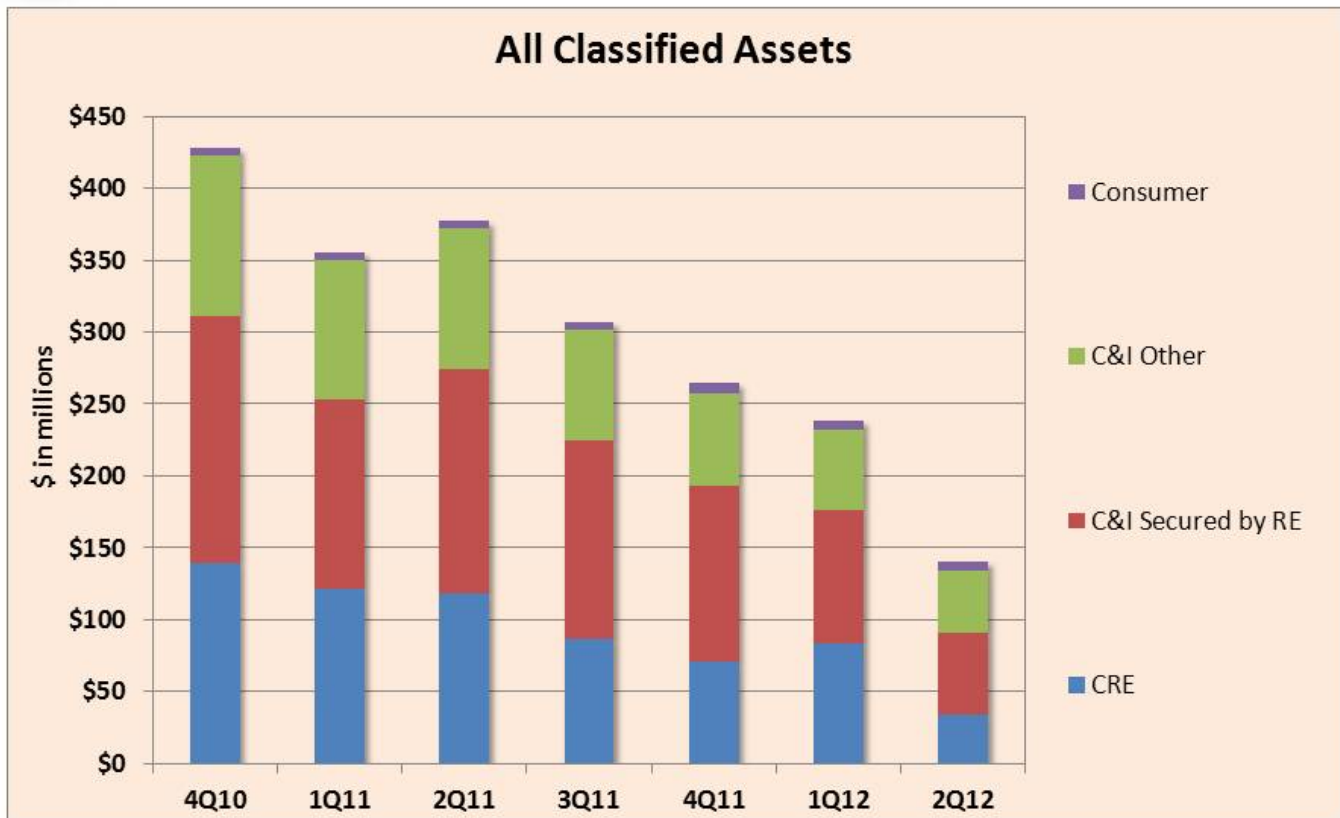

(1) Original principal balance excludes loan pay downs.

- Reserves / NPLs of 159% is significantly higher than national averages
- Reserves / Gross Loans of 3.69% is also much higher than average of 2.88% of reserves held by US Banks and the 2.11% of banks with assets of \$1 to \$5 billion

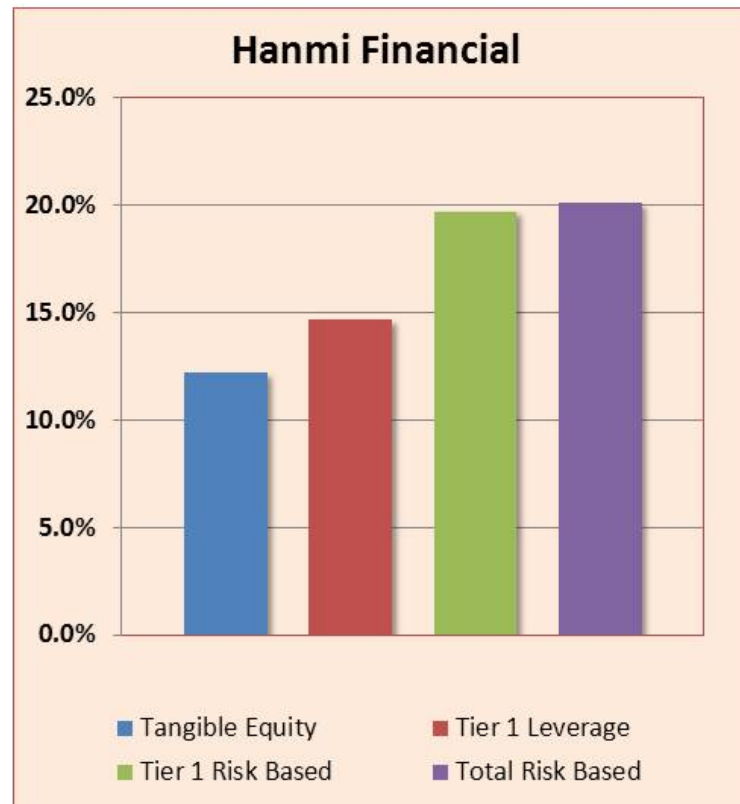

Source: Company data derived from 10-K and 10-Q filings. Peer data from SNL Financial as of March 31, 2012.

- In November of 2011, raised new capital of \$77.1 million in net proceeds, further solidifying its balance sheet
- Issued 12.6 million shares (adjusted for a 1-for-8 reverse split)
- The Bank's tangible common equity to tangible assets ratio at June 30, 2012, was 14.34%
- At the holding company level, the TCE ratio was 12.20%
- Improving credit metrics, 7 quarters of profitability and earnings stabilization contributed to the \$63.2 million reversal of the deferred tax asset reserve by the year-end
- Tangible book value was \$11.02 per share

- Focus on Resolving Regulatory Orders
 - Recent lifting of final order and replacing with MOU by the DFI.
- Expand Profitability
 - Redeploy excess liquidity
 - Continue to expand NIM
 - Improve efficiency ratio
- Pursue Growth Opportunities
 - Leverage long-term reputation with community to attractive new and former customers.

- Oldest and second largest Korean American bank in the U.S.
- Well positioned branch network in Southern California's Korean American neighborhoods.
- Premier deposit franchise and commercial banking platform
- Aggressive problem asset resolution resulting in significantly improved credit profile
- Substantial capital position and reserves
- Seven consecutive quarters of profitability
- Trading at \$10.74, or 97% of tangible book value on July 24, 2012
