### **Forward-Looking Statements**

This press release contains forward-looking statements, which are included in accordance with the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995. In some cases, you can identify forward-looking statements by terminology such as "may," "will," "should," "could," "expects," "plans," "intends," "anticipates," "believes," "estimates," "predicts," "potential," or "continue," or the negative of such terms and other comparable terminology. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. All statements other than statements of historical fact are "forward-looking statements" for purposes of federal and state securities laws, including, but not limited to, statements about anticipated future operating and financial performance, financial position and liquidity, business strategies, regulatory and competitive outlook, investment and expenditure plans, capital and financing needs and availability, plans and objectives of management for future operations, developments regarding our capital plans, strategic alternatives for a possible business combination, merger or sale transaction, including our acquisition of Central Bancorp, Inc., and other similar forecasts and statements of expectation and statements of assumption underlying any of the foregoing. These statements involve known and unknown risks, uncertainties and other factors that may cause our actual results, levels of activity, performance or achievements to differ from those expressed or implied by the forward-looking statement. These factors include the following: failure to maintain adequate levels of capital and liquidity to support our operations; the effect of potential future supervisory action against us or Hanmi Bank; general economic and business conditions internationally, nationally and in those areas in which we operate; volatility and deterioration in the credit and equity markets; changes in consumer spending, borrowing and savings habits; availability of capital from private and government sources; demographic changes; competition for loans and deposits and failure to attract or retain loans and deposits; fluctuations in interest rates and a decline in the level of our interest rate spread; risks of natural disasters related to our real estate portfolio; risks associated with Small Business Administration loans; failure to attract or retain key employees; changes in governmental regulation, including, but not limited to, any increase in FDIC insurance premiums; ability of Hanmi Bank to make distributions to Hanmi Financial, which is restricted by certain factors, including Hanmi Bank's retained earnings, net income, prior distributions made, and certain other financial tests; ability to identify a suitable strategic partner or to consummate a strategic transaction; ability of the parties to obtain required regulatory approvals and satisfy other closing conditions with respect to our acquisition of Central Bancorp, Inc.; adequacy of our allowance for loan losses; credit quality and the effect of credit quality on our provision for credit losses and allowance for loan losses; changes in the financial performance and/or condition of our borrowers and the ability of our borrowers to perform under the terms of their loans and other terms of credit agreements; our ability to control expenses; and changes in securities markets. In addition, we set forth certain risks in our reports filed with the U.S. Securities and Exchange Commission, including, Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2013, our Quarterly Reports on Form 10-Q, and Current Reports on Form 8-K that we will file hereafter, which could cause actual results to differ from those projected. We undertake no obligation to update such forward-looking statements except as required by law.

## Hanmi Earns \$11.0 Million, or \$0.35 per Share, in 2Q14; Profits from Continuing Operations Increase to \$11.5 Million in 2Q14

LOS ANGELES, July 22, 2014 (GLOBE NEWSWIRE) -- Hanmi Financial Corporation (Nasdaq:HAFC) (or "Hanmi"), the holding company for Hanmi Bank (the "Bank"), today reported second quarter 2014 net income totaled \$11.0 million, or \$0.35 per diluted share. Reflecting improving asset quality, the second quarter net income includes a negative loan loss provision of \$3.9 million. In the first quarter of 2014, Hanmi earned \$11.0 million, or \$0.34 per diluted share, including a \$3.3 million negative loan loss provision, and earned \$9.5 million, or \$0.30 per diluted share, for the second quarter of 2013. Excluding results from its discontinued insurance businesses, earnings from continuing operations increased 4.9% to \$11.5 million, or \$0.36 per diluted share, in the second quarter of 2014 from \$11.0 million, \$0.34 per diluted share, in the first quarter of 2014 and increased 23.4% from \$9.3 million, \$0.29 per diluted share, in the second quarter a year ago.

In the first six months of 2014, net income increased 12.7% to \$22.0 million, or \$0.69 per diluted share, compared to \$19.5 million, or \$0.62 per diluted share, in the first six months of 2013. Earnings from continuing operations increased 15.5%, to \$22.5 million in the first six months of 2014, from \$19.5 million in the first six months of 2013.

"Our second quarter profits continue to reflect the core operating strength of our franchise," said C. G. Kum, President and Chief Executive Officer. "We are continuing to streamline our operations, through staff reductions, closing one branch and the sale of our insurance agencies. These initiatives are making Hanmi more efficient and will allow us to focus on growing our core business banking franchise. These steps are particularly important as we move closer to completing the acquisition of Central Bancorp, Inc."

### Financial Highlights (at or for the period ended June 30, 2014, compared to March 31, 2014, or June 30, 2013)

- Gross loans increased 7.4% to \$2.35 billion, from \$2.19 billion a year ago, and increased 3.2% from \$2.28 billion at March 31, 2014.
- Deposits grew 7.7% from a year ago, with non-interest bearing deposits up 23.6% and representing 35.8% of deposits.
- The mix of core deposits increased to 80.9% of deposits compared to 76.1% of deposits a year ago.
- Improving asset quality contributed to a \$3.9 million negative loan loss provision in 2Q14.
- 2Q14 net income from continuing operations increased 4.9% to \$11.5 million, or \$0.36 per diluted share, compared to \$11.0 million, or \$0.34 per diluted share, in 1Q14 and grew 23.4% from \$9.3 million, or \$0.29 per diluted share, in 2Q13.
- Net interest margin (NIM) was 3.94% for 2Q14, down 8 basis points from 1Q14 and 16 basis points from 4.10% in 2Q13.
- A cash dividend of \$0.07 per share, representing a 19.4% payout ratio for the quarter, was paid on July 14, 2014.

### Acquisition of Central Bancorp, Inc.

On December 16, 2013, Hanmi announced the signing of a definitive agreement to acquire Central Bancorp, Inc. ("CBI"), the parent company of Texas-based United Central Bank, which had \$1.34 billion in assets as of March 31, 2014. The acquisition price is \$50 million in cash,

subject to potential purchase price adjustments. On March 23, 2014, the definitive agreement was amended and restated to clarify the tax refund adjustment process and to address timing and collectability of funds. On April 17, 2014, shareholders of CBI overwhelmingly approved the merger, and Hanmi subsequently filed the required applications with its federal and state regulators for approval of the proposed acquisition. On July 17, 2014, the Bank received notice of approval from the Federal Reserve Bank of San Francisco, which approval remains subject to the receipt of all other required regulatory approvals, including approval from the California Department of Business Oversight. The transaction, which is expected to close in the second half of 2014, remains further subject to the satisfaction of other customary closing conditions pursuant to the definitive agreement. At June 30, 2014, CBI's classified assets declined to \$167.1 million, close to the target of \$160 million required for closing. Following the anticipated close of the transaction, on a pro forma basis, the combined entity would have approximately \$4.3 billion in assets, with 50 banking offices and 3 loan production offices serving a broad range of communities in California, Texas, Illinois, New York, New Jersey, and Virginia.

## Results of Operations

Second quarter net interest income, before provision for credit losses, was \$28.0 million, almost equal to the first quarter of 2014, and up 3.1% from \$27.2 million for the second quarter of 2013. Interest and dividend income was down slightly from the preceding quarter and increased 2.6% from the second quarter a year ago, while interest expense decreased 2.6% from the preceding quarter and 1.3% from the year ago quarter. Year-to-date, net interest income, before provision for credit losses, improved 6.1% to \$56.0 million compared to \$52.8 million for the first six months of 2013.

Net interest margin fell 8 basis points to 3.94% for the second quarter of 2014, from the first quarter of 2014, and declined 16 basis points from a year ago. The compression in NIM primarily reflects the lower average yields on the new and renewing loans in the current low rate environment. For the first six months of 2014, NIM was unchanged from 3.98% compared to the first six months of 2013. The following table details the asset yields, liability costs, spread and margin.

	<u>Three Months Ended</u>			<u>Six Months Ended</u>	
	<u>June 30,</u>	<u>March 31,</u>	<u>June 30,</u>	<u>June 30,</u>	<u>June 30,</u>
	<u>2014</u>	<u>2014</u>	<u>2013</u>	<u>2014</u>	<u>2013</u>
Interest-earning assets	4.38%	4.49%	4.59%	4.43%	4.51%
Interest-bearing liabilities	0.74%	0.75%	0.78%	0.75%	0.83%
Net interest spread	3.64%	3.74%	3.81%	3.68%	3.68%
Net interest margin	3.94%	4.02%	4.10%	3.98%	3.98%

In the second quarter of 2014, net interest income, after provision for credit losses, totaled \$31.9 million, compared to \$31.3 million in the first quarter of 2014, and \$27.2 million in the second quarter a year ago. For the first six months of 2014, net interest income after loan loss provision was \$63.1 million, compared to \$52.8 million in the first six months of 2013. Hanmi recorded a negative loan loss provision of \$3.9 million in the second quarter of 2014 and \$7.2 million in the first six months of 2014, compared to no provisions in the prior year periods.

Non-interest income was \$5.1 million in the second quarter of 2014, compared to \$5.8 million in the preceding quarter and \$6.7 million in the year ago quarter. In the second quarter of 2014, gain on sales of the guaranteed portion of SBA loans was down to \$498,000, from \$547,000 in the preceding quarter, and \$2.4 million in the second quarter a year ago, reflecting the on-going reforms in the SBA lending department. "In the second quarter, we opened our third SBA loan production office in Annandale, Virginia, and our SBA team is starting to rebuild momentum in this important market niche," said Kum. In the second quarter, SBA loan sales totaled \$6.8 million, compared to \$6.0 million in the preceding quarter and \$26.6 million in the second quarter a year ago.

Net gain on sales of investment securities contributed \$364,000 to second quarter non-interest income, compared to \$1.4 million in the preceding quarter and \$303,000 a year ago.

Non-interest expense increased 1.5% to \$18.6 million in the second quarter of 2014, compared to \$18.3 million in the first quarter of 2014, and fell slightly from \$18.6 million in the second quarter a year ago. Salary and employee benefits costs was relatively unchanged at \$10.3 million in the second quarter, compared to the preceding quarter and grew 19.0% from \$8.6 million the second quarter of 2013. Year-over-year changes in compensation costs reflect an increase in stock based compensation grants, one-time severance payments for the reduction-in-force initiatives, and normal salary and employee benefit costs escalation.

"As part of our efforts to improve operating efficiencies, we completed a 7% reduction in our workforce, generating \$375,000 in one-time costs for severance payments in the second quarter. We are also in the process of closing one branch, which will generate a one-time charge of \$130,000 in the third quarter. We anticipate future savings from these cost cutting efforts of approximately \$1.8 million annually," said Kum.

The second quarter provision for income taxes from continuing operations was \$6.9 million, which is an effective tax rate of 37.37%, compared to \$7.8 million, or 41.70%, in the first quarter of 2014 and \$6.0 million, or 38.98%, in the second quarter a year ago. For the first six months of 2014, the provision for income taxes from continuing operations was \$14.7 million, or 39.56%, compared to \$10.9 million, or 35.96%, in the first six months of 2013. Two major items reduced the second quarter tax rate: the sale of the insurance businesses (discussed in more detail below) generated a \$400,000 discrete deferred tax benefit and tax benefits to be realized from investments in low income tax credit funds further reduced tax rates in the quarter.

## Discontinued Operations

Hanmi completed the sale of its two insurance subsidiaries, Chun-Ha Insurance Services, Inc. and All World Insurance Services, Inc., to Chunha Holding Corporation on June 30, 2014. The total sales price was \$3.5 million, of which \$2.0 million was paid upon signing. The remaining \$1.5 million will be payable in three equal installments on each anniversary of the closing date through June 30, 2017.

The sale resulted in a \$51,000 gain and a \$4,000 income tax benefit from operating loss, offset by a \$470,000 capital gain tax and a \$52,000 operating loss. Consequently, net loss from discontinued operations in the second quarter of 2014 was \$467,000, or \$0.01 per diluted share. The discontinued operations generated non-interest income, primarily in the line item for insurance commissions, of \$2.7 million in the first six months of 2014 and \$1.3 million in the first quarter of 2014. They also posted non-interest expense (in various line items) of \$2.7 million in the first six months of 2014 and \$1.4 million in the first quarter of 2014.

## Balance Sheet

Assets increased 11.6% to \$3.09 billion at June 30, 2014, from \$2.77 billion a year ago. The investment portfolio decreased 2.9% to \$506.0 million at June 30, 2014, from \$521.0 million at March 31, 2014, and increased 26.2% from \$400.8 million a year ago.

Loans receivable, net of allowance for loan losses, increased 3.6% in the quarter and 8.1% year-over-year to \$2.30 billion at June 30, 2014, from \$2.22 billion at March 31, 2014, and \$2.13 billion a year ago. Average gross loans, net of deferred loan costs, increased to \$2.30 billion for the second quarter of 2014, up from \$2.26 billion for the preceding quarter and \$2.17 billion for the second quarter a year ago. For the first six months of 2014, average gross loans, net of deferred loan costs, increased to \$2.28 billion from \$2.12 billion in the first six months of 2013.

Compared to \$159.9 million new loans in the first quarter, second quarter new loans totaled \$172.3 million, consisting mainly of \$123.0 million (including purchases of \$57.1 million) of commercial real estate loans, \$30.5 million of C&I loans, and \$17.7 million of SBA loans. Loan commitments were \$191.1 million in the second quarter of 2014, which included loans approved but not funded.

Average deposits were \$2.52 billion during the second quarter, up from \$2.50 billion for the preceding quarter and \$2.37 billion for the second quarter of 2013. The overall mix of funding continued to improve with non-interest bearing deposits increasing by \$83.2 million from the prior quarter. Because of the increase in non-interest bearing deposits, the cost of deposits declined to 0.50% in the second quarter from 0.53% a year ago. The period-end deposit mix is detailed in the table below.

	<u>June 30,</u> <u>2014</u>	<u>March 31,</u> <u>2014</u>	<u>June 30,</u> <u>2013</u>
Demand-noninterest-bearing	35.8%	33.0%	31.1%
Savings	4.4%	4.7%	4.9%
Money market checking and NOW accounts	21.9%	23.9%	24.4%
Time deposits of \$100,000 or more	19.1%	19.0%	23.9%

<b>Total deposits</b>	<b><u>100.0%</u></b>	<b><u>100.0%</u></b>	<b><u>100.0%</u></b>

"With the asset sensitive balance sheet, we are well positioned for the rising rate environment," said Kum. At June 30, 2014, tangible common stockholders' equity was \$426.3 million, or 13.78% of tangible assets, compared to \$392.9 million, or 14.18%, of tangible assets, a year ago. Tangible book value per share was \$13.38, compared to \$12.97 three months earlier and \$12.43 at June 30, 2013. On July 14, 2014, Hanmi paid a cash dividend of \$0.07 per share, representing an aggregate dividend of \$2.2 million.

## Asset Quality

Asset quality continues to improve with classified loans declining 12.2% in the quarter and down 49.6% year-over year. Non-performing loans ("NPLs") were up slightly to \$25.4 million at the end of the quarter, compared to \$25.0 million at the end the first quarter of 2014, and were down from \$28.0 million a year ago, reflecting the continuing improvement in the economy and active management of delinquent accounts. Troubled debt restructurings ("TDRs") totaled \$23.6 million at June 30, 2014, and \$24.9 million at March 31, 2014. Of these TDRs, \$11.1 million were included in NPLs at June 30, 2014, compared to \$11.2 million at March 31, 2014. The following table shows NPLs in each category:

Other-real-estate-owned totaled \$1.7 million at the end of the second quarter, compared to \$0 in the preceding quarter and \$900,000 a year ago. Classified loans declined to \$45.2 million, or 1.9% of gross loans, at June 30, 2014, from \$51.4 million, or 2.3% of gross loans, at March 31, 2014, and were down from \$89.6 million, or 4.1% of gross loans, a year ago. The decline in classified loans reflects \$3.3 million in loan upgrades and \$6.1 million in repayments in the second quarter of 2014.

In the second quarter, recoveries of previously charged-off loans totaled \$1.7 million compared to \$4.3 million in the preceding quarter and \$1.9 million in the second quarter of 2013. Gross charge-offs in the second quarter totaled \$2.5 million, compared to \$1.6 million in the preceding quarter and \$3.5 million a year ago. As a result, there was a net charge-offs of \$806,000 in the second quarter of 2014, compared to net recoveries of \$2.6 million in the preceding quarter and net charge-offs of \$1.6 million a year ago.

The allowance for loan losses totaled \$51.9 million, which is a coverage ratio of 2.21% of gross loans and 204.43% of NPLs as of June 30, 2014, compared to 2.74% of gross loans and 214.03% of NPLs as of June 30, 2013.

### Forward-Looking Statements

This press release contains forward-looking statements, which are included in accordance with the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995. In some cases, you can identify forward-looking statements by terminology such as "may," "will," "should," "could," "expects," "plans," "intends," "anticipates," "believes," "estimates," "predicts," "potential," or "continue," or the negative of such terms and other comparable terminology. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. All statements other than statements of historical fact are "forward-looking statements" for purposes of federal and state securities laws, including, but not limited to, statements about anticipated future operating and financial performance, financial position and liquidity, business strategies, regulatory and competitive outlook, investment and expenditure plans, capital and financing needs and availability, plans and objectives of management for future operations, developments regarding our capital plans, strategic alternatives for a possible business combination, merger or sale transaction, including our acquisition of Central Bancorp, Inc., and other similar forecasts and statements of expectation and statements of assumption underlying any of the foregoing. These statements involve known and unknown risks, uncertainties and other factors that may cause our actual results, levels of activity, performance or achievements to differ from those expressed or implied by the forward-looking statement. These factors include the following: failure to maintain adequate levels of capital and liquidity to support our operations; the effect of potential future supervisory action against us or Hanmi Bank; general economic and business conditions internationally, nationally and in those areas in which we operate; volatility and deterioration in the credit and equity markets; changes in consumer spending, borrowing and savings habits; availability of capital from private and government sources; demographic changes; competition for loans and deposits and failure to attract or retain loans and deposits; fluctuations in interest rates and a decline in the level of our interest rate spread; risks of natural disasters related to our real estate portfolio; risks associated with Small Business Administration loans; failure to attract or retain key employees; changes in governmental regulation, including, but not limited to, any increase in FDIC insurance premiums; ability of Hanmi Bank to make distributions to Hanmi Financial, which is restricted by certain factors, including Hanmi Bank's retained earnings, net income, prior distributions made, and certain other financial tests; ability to identify a suitable strategic partner or to consummate a strategic transaction; ability of the parties to obtain required regulatory approvals and satisfy other closing conditions with respect to our acquisition of Central Bancorp, Inc.; adequacy of our allowance for loan losses; credit quality and the effect of credit quality on our provision for credit losses and allowance for loan losses; changes in the financial performance and/or condition of our borrowers and the ability of our borrowers to perform under the terms of their loans and other terms of credit agreements; our ability to control expenses; and changes in securities markets. In addition, we set forth certain risks in our reports filed with the U.S. Securities and Exchange Commission, including, Item 1A of our Annual Report on Form 10-K for the year ended

December 31, 2013, our Quarterly Reports on Form 10-Q, and Current Reports on Form 8-K that we will file hereafter, which could cause actual results to differ from those projected. We undertake no obligation to update such forward-looking statements except as required by law.

## Non-GAAP Financial Measures

### Tangible Common Equity to Tangible Assets Ratio

Tangible common equity to tangible assets ratio is supplemental financial information determined by a method other than in accordance with U.S. generally accepted accounting principles ("GAAP"). This non-GAAP measure is used by management in the analysis of Hanmi's capital strength. Tangible equity is calculated by subtracting goodwill and other intangible assets from stockholders' equity. Banking and financial institution regulators also exclude goodwill and other intangible assets from stockholders' equity when assessing the capital adequacy of a financial institution. Management believes the presentation of this financial measure excluding the impact of these items provides useful supplemental information that is essential to a proper understanding of the capital strength of Hanmi. This disclosure should not be viewed as a substitution for results determined in accordance with GAAP, nor is it necessarily comparable to non-GAAP performance measures that may be presented by other companies.

The following table reconciles this non-GAAP performance measure to the GAAP performance measure for the periods indicated:

## Change in Accounting Principle

As of April 1, 2014, the Bank changed its method of accounting for investment in low-income housing tax credit, as required by *FASB ASU 2014-01, Accounting for Investment in Qualified Affordable Housing Projects*. Previously, the investment in low-income housing tax credit was accounted for under equity method.

Effective April 1, 2014, the Bank began recording amortization of the initial cost of the investment in proportion to the tax credits and other tax benefits received and recognizing the net investment performance in the income statement as a component of income tax expense (proportional amortization method). The Bank recorded this change in accounting principle in accordance with *ASU 2014-01* which requires retrospective application of the new accounting principle to all practicable prior accounting periods as if the principle had always been used. The accounting principle was retrospectively applied from the period beginning on January 1, 1998, and to each period thereafter. The cumulative effect of the retrospective application of this accounting principle as of March 31, 2014 was a \$1.5 million decrease in other assets with corresponding equity and tax account adjustments. Net income in the three months ended March 31, 2014 decreased by \$44,000, and the three and six months ended June 30, 2013 decreased by \$32,000 and \$84,000, respectively, due to this change in accounting principle.
