Forward-Looking Statements

This press release contains forward-looking statements, which are included in accordance with the “safe harbor” provisions of the Private Securities Litigation Reform Act of 1995. All statements other than statements of historical fact are “forward-looking statements” for purposes of federal and state securities laws, including, but not limited to, statements about our anticipated future operating and financial performance, financial position and liquidity, business strategies, regulatory and competitive outlook, investment and expenditure plans, capital and financing needs and availability, plans and objectives of management for future operations, developments regarding our capital and strategic plans, and other similar forecasts and statements of expectation and statements of assumption underlying any of the foregoing. In some cases, you can identify forward-looking statements by terminology such as “may,” “will,” “should,” “could,” “expects,” “plans,” “intends,” “anticipates,” “believes,” “estimates,” “predicts,” “potential,” or “continue,” or the negative of such terms and other comparable terminology. Although we believe our forward-looking statements to be reasonable, we cannot guarantee future results, levels of activity, performance or achievements.

Forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause our actual results, levels of activity, performance or achievements to differ from those expressed or implied by the forward-looking statements. These factors include the following:

- a failure to maintain adequate levels of capital and liquidity to support our operations;
- general economic and business conditions internationally, nationally and in those areas in which we operate, including any potential recessionary conditions;
- volatility and deterioration in the credit and equity markets;
- changes in investor sentiment or consumer spending, borrowing and savings habits;
- availability of capital from private and government sources;
- demographic changes;
- competition for loans and deposits and failure to attract or retain loans and deposits;
- inflation and fluctuations in interest rates that reduce our margins and yields, the fair value of financial instruments, the level of loan originations or prepayments on loans we have made and make, the level of loan sales and the cost we pay to retain and attract deposits and secure other types of funding;
- our ability to enter new markets successfully and capitalize on growth opportunities;
- the current or anticipated impact of military conflict, terrorism or other geopolitical events;
- the effect of potential future supervisory action against us or Hanmi Bank and our ability to address any issues raised in our regulatory exams;
- risks of natural disasters;
- legal proceedings and litigation brought against us;
- risks associated with cybersecurity threats, data breaches, ransomware attacks, or other failures in our operational or security systems and infrastructure, including the risks arising from our dependence on third-party service providers and vendors;
- the failure to maintain current technologies;
- risks associated with Small Business Administration loans;
- failure to attract, develop, or retain key employees;
- our ability to access cost-effective funding;
- the imposition of tariffs or other domestic or international governmental policies, trade restrictions, and any retaliatory measures impacting our borrowers and the broader economy;
- the impact of a potential federal government shutdown, which may impact on our ability to effect sales of Small Business Administration loans or debt ceiling impasses or fiscal uncertainty;
- changes in liquidity, including the size and composition of our deposit portfolio and the percentage of uninsured deposits in the portfolio;
- fluctuations in real estate values;
- changes in accounting policies and practices;
- changes in governmental regulation, including, but not limited to, any increase in FDIC insurance premiums and changes in the monetary policies of the U.S. Treasury and the Board of Governors of the Federal Reserve System;
- the ability of Hanmi Bank to make distributions to Hanmi Financial Corporation, which is restricted by certain factors, including Hanmi Bank’s retained earnings, net income, prior distributions made, and certain other financial tests;
- strategic transactions we may enter into, including the costs associated with the evaluation of any strategic opportunities and the overall effects of any acquisitions or dispositions we may make;
- the adequacy of and changes in the economic assumptions and methodology for computing our allowance for credit losses;
- our credit quality and the effect of credit quality on our credit losses expense and allowance for credit losses;
- changes in the financial performance and/or condition of our borrowers and the ability of our borrowers to perform under the terms of their loans and other terms of credit agreements;
- our ability to control expenses;
- the inability of third-party service providers to perform their obligations to us; and
- the ability of the Company to withstand disruptions that may be caused by any failure of the operational systems of third parties.

In addition, we set forth certain risks in our reports filed with the U.S. Securities and Exchange Commission, including, Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2025, our Quarterly Reports on Form 10-Q, and Current Reports on Form 8-K that we will file hereafter, which could cause actual results to differ from those projected. We undertake no obligation to update such forward-looking statements except as required by law.

Hanmi Reports 2026 Second Quarter Results

LOS ANGELES, July 21, 2026 (GLOBE NEWSWIRE) -- **Hanmi Financial Corporation (NASDAQ: HAFC, or “Hanmi”)**, the parent company of Hanmi Bank (the “Bank”), today reported financial results for the second quarter of 2026.

Net income for the second quarter of 2026 was \$23.5 million, or \$0.79 per diluted share, compared with \$22.6 million, or \$0.75 per diluted share for the first quarter of 2026. The return on average assets for the second quarter was 1.20% and the return on average equity was 11.09%, compared with a return on average assets of 1.18% and a return on average equity of 10.86% for the first quarter of 2026.

CEO Commentary

“Hanmi delivered another quarter of strong earnings growth, reflecting consistent execution across our business,” said Bonnie Lee, President and Chief Executive Officer. “Our capital position remained healthy while returning 58% of earnings to shareholders in the form of dividends and share repurchases. Return on average equity increased to 11.1%, supported by robust deposit growth, solid loan production, lower funding costs, and prudent expense management. Deposits grew 2.3% sequentially, with noninterest-bearing deposits increasing 5.2%, underscoring the strength of our relationship-based banking model and the value of our franchise.”

“Consistent with our strategy, we maintained a steady pace of loan production while continuing to diversify our loan portfolio. Importantly, credit quality remained excellent, reflecting our prudent underwriting standards and disciplined approach to risk management.”

“Based on our strong first-half performance, robust loan and deposit pipelines, and the momentum we are seeing across the business, we remain optimistic about our outlook and are confident in our ability to deliver continued earnings growth and strong financial performance through the second half of 2026,” concluded Lee.

Second Quarter 2026 Highlights:

- Net income was \$23.5 million, or \$0.79 per diluted share, up 4.2% from the first quarter, driven by continued growth in net interest income and lower credit loss expense.
- Return on average assets and return on average equity during the second quarter were 1.20% and 11.09%, respectively.
- Deposits increased 2.3% to \$7.0 billion from the prior quarter and noninterest-bearing demand deposits increased to 31% of total deposits, from 30% for the prior quarter.
- Net interest income increased 1.0% from the prior quarter, driven by the growth in commercial real estate and commercial and industrial lending. The increase was further supported by an improved funding mix, including lower-cost interest-bearing deposits and reduced borrowings.
- Net interest margin decreased two basis points to 3.36%, due primarily to normalization of FHLB dividend income, which elevated interest income in the prior quarter.
- Asset quality remained strong as nonperforming assets to total assets was 0.12%, an improvement of four basis points from the prior quarter, and nonperforming loans to total loans was 0.15%, also an improvement of four basis points from the prior quarter.
- Hanmi returned 58% of second-quarter net earnings to shareholders in the form of \$8.3 million in dividends and \$5.2 million in share repurchases; capital ratios remained healthy with tangible common equity to tangible assets at 10.03%.⁽¹⁾

Results of Operations

Net interest income increased \$0.7 million, or 1.0%, to \$63.9 million for the second quarter of 2026, from \$63.2 million for the first quarter. This increase was principally due to higher interest income on loans, which increased by \$0.9 million from the first quarter, as well as a \$0.8 million increase in interest income from securities and interest-bearing deposits in other institutions. Interest expense on deposits, however, increased by \$1.0 million from the first quarter.

Net interest margin (taxable equivalent) declined by two basis points to 3.36%, from 3.38% for the first quarter of 2026. This decline was driven by lower contributions from loans and FHLB stock, with unfavorable impacts of five basis points and three basis points, respectively, compared to the first quarter. Partially offsetting the decline were higher contributions from borrowings and interest-bearing deposits, with favorable impacts of three basis points each.

While the average yield on loans for the second quarter remained unchanged at 5.90%, the average balance of loans for the second quarter was \$6.44 billion, up 0.1% from the previous quarter. The cost of interest-bearing deposits for the second quarter was 3.17%, down three basis points from the first quarter, and the average balance of interest-bearing deposits was \$4.78 billion, up 2.7% from the previous quarter. The ratio of average loans to average deposits for the second quarter was 95.5%, compared with 97.5% for the previous quarter.

Credit loss expense for the second quarter of 2026 was \$1.2 million, compared with \$2.9 million for the first quarter. The \$1.7 million decline was due to lower net charge-offs during the second quarter. Credit loss expense during the second quarter included a \$1.3 million provision for loan losses and a negative provision of \$0.1 million for off-balance sheet items. First-quarter credit loss expense included a \$3.2 million provision for loan losses and a negative provision of \$0.3 million for off-balance sheet items.

Noninterest income was \$8.3 million, down 2.2% from \$8.5 million for the first quarter of 2026, primarily due to a \$0.8 million decrease in gain on sales of SBA loans. The gain was \$1.3 million for the second quarter of 2026, compared with \$2.1 million for the first quarter of 2026. The decrease in gain on sales of SBA loans was partially offset by a \$0.4 million increase in trade finance and other service charges and fees and modest increases in the other noninterest income categories.

The volume of SBA loans sold for the second quarter of 2026 decreased to \$20.9 million from \$32.5 million for the first quarter, while trade premiums increased to 7.92% from 7.88% for the first quarter. Residential mortgage loans sold for the second quarter were \$30.6 million with a premium of 2.00%, compared with \$31.7 million and 2.50% for the first quarter. The gain on sales of residential mortgage loans was \$0.4 million for the second quarter, compared with \$0.5 million for the first quarter.

Noninterest expense was \$39.0 million for the second quarter of 2026, up 1.7% from \$38.4 million for the first quarter, primarily due to a \$0.8 million increase in salaries and employee benefits and a \$0.4 million increase in other real estate owned (OREO) expense. Salaries and employee benefits increased because of the additional business day in the second quarter and annual merit increases, while the increase in OREO expense reflected the absence of the first-quarter gain on sale of OREO. These increases were partially offset by a \$0.8 million decrease in professional fees that were attendant to the first-quarter resolution of several administrative items. The efficiency ratio increased to 54.07% for the second quarter, compared with 53.48% for the previous quarter.

Financial Position

Total assets at June 30, 2026 increased 2.1%, or \$162.2 million, to \$8.00 billion from \$7.84 billion at March 31, 2026. This increase was due primarily to a \$77.2 million increase in cash and due from banks, a \$60.9 million increase in securities available for sale, and a \$21.3 million increase in prepaid expenses and other assets. The increase in prepaid expenses and other assets was primarily due to estimated income tax payments made during the second quarter.

Total loans, excluding the allowance for credit losses and loans held for sale, were \$6.54 billion at June 30, 2026, down 0.2% from \$6.55 billion at March 31, 2026.

Loans held for sale were \$17.0 million at June 30, 2026, up from \$4.9 million at March 31, 2026. At the end of the second quarter, loans held for sale consisted of \$12.0 million representing the guaranteed portion of SBA 7(a) loans and \$5.0 million of residential mortgage loans.

Stockholders' equity at June 30, 2026 was \$812.7 million, up \$9.9 million, or 1.2%, from \$802.8 million at March 31, 2026. Offsetting the increase to stockholders' equity from second quarter net income of \$23.5 million were dividends of \$8.3 million, share repurchases of \$5.2 million, which included \$0.4 million in purchases of vested employee stock in respect of Hanmi's equity compensation programs, and a \$1.0 million increase in unrealized after-tax losses on securities available for sale. During the second quarter, under its share repurchase program, Hanmi repurchased 160,000 shares of common stock at an average price of \$30.24. As of June 30, 2026, there were 1.99 million shares available under the share repurchase program. In addition to the share repurchase program, Hanmi purchased 15,134 shares of common stock surrendered by employees to satisfy their tax liabilities upon the second-quarter vesting of their equity compensation awards.

Tangible common equity per share at the end of the second quarter of 2026 was \$27.04, up 1.8% from \$26.56 at the end of the first quarter. Please refer to the *Non-GAAP Financial Measures* section below for more information.

Hanmi and the Bank exceeded minimum regulatory capital requirements, and the Bank continued to exceed the minimum for the "well capitalized" category.

Loans 30 to 89 days past due and still accruing were \$32.8 million, or 0.50% of loans, at the end of the second quarter of 2026, compared with \$13.3 million, or 0.20% of loans, at the end of the first quarter of 2026. The \$19.5 million increase was primarily due to a \$21.2 million commercial real estate loan, identified as special mention in the first quarter, that became delinquent during the second quarter.

Nonaccrual loans were \$9.9 million, or 0.15% of loans, at June 30, 2026, compared with \$12.4 million, or 0.19% of loans, at March 31, 2026. The decrease for the second quarter reflects the sale of a \$3.2 million commercial real estate loan on nonaccrual status and \$1.6 million of equipment finance agreement charge-offs, partially offset by \$2.9 million of new nonaccrual loans and equipment finance agreements.

Nonperforming assets were \$9.9 million, or 0.12% of total assets, at June 30, 2026, compared with \$12.4 million, or 0.16% of total assets, at March 31, 2026. The decline reflects the changes described in the above paragraph.

Criticized loans were \$113.9 million for the second quarter of 2026, compared with \$116.4 million for the first quarter of 2026. This \$2.5 million decrease in criticized loans included a \$25.5 million decrease for special mention loans, partially offset by a \$23.0 million increase for classified loans. Both the special mention decrease and classified increase were primarily due to the downgrade of three special mention loans totaling \$23.6 million to the classified category, which included the previously mentioned \$21.2 million commercial real estate loan.

There were no transfers of criticized loans into other-real-estate-owned during the second quarter of 2026. As a percent of total loans, criticized loans were 1.74% as of June 30, 2026, compared with 1.78% as of March 31, 2026.

Forward-Looking Statements

This press release contains forward-looking statements, which are included in accordance with the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995. All statements other than statements of historical fact are "forward-looking statements" for purposes of federal and state securities laws, including, but not limited to, statements about our anticipated future operating and financial performance, financial position and liquidity, business strategies, regulatory and competitive outlook, investment and expenditure plans, capital and financing needs and availability, plans and objectives of management for future operations, developments regarding our capital and strategic plans, and other similar forecasts and statements of expectation and statements of assumption underlying any of the foregoing. In some cases, you can identify forward-looking statements by terminology such as "may," "will," "should," "could," "expects," "plans," "intends," "anticipates," "believes," "estimates," "predicts," "potential," or "continue," or the negative of such terms and other comparable terminology. Although we believe that our forward-looking statements to be reasonable, we cannot guarantee future results, levels of activity, performance or achievements.

Forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause our actual results, levels of activity, performance or achievements to differ from those expressed or implied by the forward-looking statements. These factors include the following:

- a failure to maintain adequate levels of capital and liquidity to support our operations;
- general economic and business conditions internationally, nationally and in those areas in which we operate, including any potential recessionary conditions;
- volatility and deterioration in the credit and equity markets;
- changes in investor sentiment or consumer spending, borrowing and savings habits;
- availability of capital from private and government sources;
- demographic changes;
- competition for loans and deposits and failure to attract or retain loans and deposits;
- inflation and fluctuations in interest rates that reduce our margins and yields, the fair value of financial instruments, the level of loan originations or prepayments on loans we have made and make, the level of loan sales and the cost we pay to retain and attract deposits and secure other types of funding;
- our ability to enter new markets successfully and capitalize on growth opportunities;
- the current or anticipated impact of military conflict, terrorism or other geopolitical events;
- the effect of potential future supervisory action against us or Hanmi Bank and our ability to address any issues raised in our regulatory exams;
- risks of natural disasters;
- legal proceedings and litigation brought against us;
- risks associated with cybersecurity threats, data breaches, ransomware attacks, or other failures in our operational or security systems and infrastructure, including the risks arising from our dependence on third-party service providers and vendors;
- failure to maintain current technologies;
- risks associated with Small Business Administration loans;
- failure to attract, develop, or retain key employees;
- our ability to access cost-effective funding;
- the imposition of tariffs or other domestic or international governmental policies, trade restrictions, and any retaliatory measures impacting our borrowers and the broader economy;
- the impact of a potential federal government shutdown, which may impact on our ability to effect sales of Small Business Administration loans or debt ceiling impasses or fiscal uncertainty;
- changes in liquidity, including the size and composition of our deposit portfolio and the percentage of uninsured deposits in the portfolio;
- fluctuations in real estate values;
- changes in accounting policies and practices;
- changes in governmental regulation, including, but not limited to, any increase in FDIC insurance premiums and changes in the monetary policies of the U.S. Treasury and the Board of Governors of the Federal Reserve System;
- the ability of Hanmi Bank to make distributions to Hanmi Financial Corporation, which is restricted by certain factors, including Hanmi Bank's retained earnings, net income, prior distributions made, and certain other financial tests;
- strategic transactions we may enter into, including the costs associated with the evaluation of any strategic opportunities and the overall effects of any acquisitions or dispositions we may make;
- the adequacy of and changes in the economic assumptions and methodology for computing our allowance for credit losses;
- our credit quality and the effect of credit quality on our credit losses expense and allowance for credit losses;
- changes in the financial performance and/or condition of our borrowers and the ability of our borrowers to perform under the terms of their loans and other terms of credit agreements;
- our ability to control expenses;
- the inability of third-party service providers to perform their obligations to us; and
- the ability of the Company to withstand disruptions that may be caused by any failure of the operational systems of third parties.

In addition, we set forth certain risks in our reports filed with the U.S. Securities and Exchange Commission, including, Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2025, our Quarterly Reports on Form 10-Q, and Current Reports on Form 8-K that we will file hereafter, which could cause actual results to differ from those projected. We undertake no obligation to update such forward-looking statements except as required by law.

Non-GAAP Financial Measures

These disclosures should not be viewed as a substitute for results determined in accordance with GAAP, nor is it necessarily comparable to non-GAAP performance measures that may be presented by other companies.

Tangible Common Equity to Tangible Assets Ratio

Tangible common equity to tangible assets ratio is supplemental financial information determined by a method other than in accordance with U.S. generally accepted accounting principles ("GAAP"). This non-GAAP measure is used by management in the analysis of Hanmi's capital strength. Tangible common equity is calculated by subtracting goodwill and other intangible assets from stockholders' equity. Banking and financial institution regulators also exclude goodwill and other intangible assets from stockholders' equity when assessing the capital adequacy of a

financial institution. Management believes the presentation of this financial measure excluding the impact of these items provides useful supplemental information that is essential to a proper understanding of the capital strength of Hanmi.

The following table reconciles this non-GAAP performance measure to the GAAP performance measure for the periods indicated:

Preprovision Net Revenues

Preprovision net revenues is supplemental financial information determined by a method other than in accordance with U.S. GAAP. This non-GAAP measure is used by management to measure Hanmi's core operational performance, excluding the impact of provisions for loan losses. By isolating preprovision net revenues, management can better understand the Company's true profitability and make more informed strategic decisions. Preprovision net revenues is calculated adding income tax expense and credit loss expense to net income. Management believes this financial measure highlights the Company's revenue activities and operational efficiency, excluding unpredictable loan loss provisions.

The following table details the Company's preprovision net revenues, which are non-GAAP measures, for the periods indicated:

FORWARD-LOOKING STATEMENTS

Hanmi Financial Corporation (the "Company") cautions investors that any statements contained herein that are not historical facts are forward-looking statements within the meaning of the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995, including, but not limited to, those statements regarding operating performance, financial position, financial results and liquidity, business strategies, regulatory, economic and competitive outlook, investment and expenditure plans, capital and financing needs and availability, litigation, plans and objectives, merger or sale activity, and all other forecasts and statements of expectation or assumption underlying any of the foregoing. These statements involve known and unknown risks and uncertainties that are difficult to predict. Investors should not rely on any forward-looking statement and should consider risks, such as a failure to maintain adequate levels of capital and liquidity to support our operations, general economic and business conditions internationally, nationally and in those areas in which we operate, including any potential recessionary conditions, volatility and deterioration in the credit and equity markets, changes in investor sentiment or consumer spending, borrowing and savings habits, availability of capital from private and government sources, demographic changes, competition for loans and deposits and failure to attract or retain loans and deposits, inflation and fluctuations in interest rates that reduce our margins and yields, the fair value of financial instruments, the level of loan originations or prepayments on loans we have made and make, the level of loan sales and the cost we pay to retain and attract deposits and secure other types of funding, our ability to enter new markets successfully and capitalize on growth opportunities, the current or anticipated impact of military conflict, terrorism, or other geopolitical events, the effect of potential future supervisory action against us or Hanmi Bank and our ability to address any issues raised in our regulatory exams, risks of natural disasters, legal proceedings and litigation brought against us, risks associated with cybersecurity threats, data breaches, ransomware attacks, or other failures in our operational or security systems and infrastructure, including the risks arising from our dependence on third-party service providers and vendors, the failure to maintain current technologies, risks associated with Small Business Administration loans, failure to attract, develop, or retain key employees, our ability to access cost-effective funding, the imposition of tariffs or other domestic or international governmental policies, trade restrictions, and any retaliatory measures impacting our borrowers and the broader economy, the impact of a potential federal government shutdown, which may impact on our ability to effect sales of Small Business Administration loans or debt ceiling impasses or fiscal uncertainty, changes in liquidity, including the size and composition of our deposit portfolio and the percentage of uninsured deposits in the portfolio, fluctuations in real estate values, changes in accounting policies and practices, changes in governmental regulation, including, but not limited to, any increase in FDIC insurance premiums and changes in the monetary policies of the U.S. Treasury and the Board of Governors of the Federal Reserve System, the ability of Hanmi Bank to make distributions to Hanmi Financial Corporation, which is restricted by certain factors, including Hanmi Bank's retained earnings, net income, prior distributions made, and certain other financial tests, strategic transactions we may enter into, including the costs associated with the evaluation of any strategic opportunities and the overall effects of any acquisitions or dispositions we may make, the adequacy of and changes in the economic assumptions and methodology for computing our allowance for credit losses, our credit quality and the effect of credit quality on our credit losses expense and allowance for credit losses, changes in the financial performance and/or condition of our borrowers and the ability of our borrowers to perform under the terms of their loans and other terms of credit agreements, our ability to control expenses, the inability of third-party service providers to perform their obligations to us, and the ability of the Company to withstand disruptions that may be caused by any failure of the operational systems of third parties.

Forward-looking statements are based upon the good faith beliefs and expectations of management as of this date only and are further subject to additional risks and uncertainties, including, but not limited to, the risk factors set forth in our earnings release dated July 21, 2026, including the section titled "Forward Looking Statements" and the Company's most recent Form 10-K, 10-Q and other filings with the Securities and Exchange Commission. The Company disclaims any obligation to update or revise the forward-looking statements herein.

NON-GAAP FINANCIAL INFORMATION

This presentation contains financial information determined by methods other than in accordance with accounting principles generally accepted in the United States of America ("GAAP"). These non-GAAP measures include tangible common equity to tangible assets, tangible common equity per share (including without the impact of available for sale securities on the accumulated other comprehensive income) and pro forma regulatory capital. Management uses these "non-GAAP" measures in its analysis of the Company's performance. Management believes these non-GAAP financial measures allow for better comparability of period to period operating performance. Additionally, the Company believes this information is utilized by regulators and market analysts to evaluate a company's financial condition and therefore, such information is useful to investors. These disclosures should not be viewed as a substitute for operating results determined in accordance with GAAP, nor are they necessarily comparable to non-GAAP performance measures that may be presented by other companies. A reconciliation of the non-GAAP measures used in this presentation to the most directly comparable GAAP measures is provided in the Appendix to this presentation.

2Q26 HIGHLIGHTS

Earnings Performance

- Net income was \$23.5 million, or \$0.79 per diluted share, up 4.2% from the first quarter, driven by continued growth in net interest income and lower credit loss expense. Return on average assets and return on average equity during the quarter were healthy at 1.20% and 11.09%, respectively.
- Net interest income increased 1.0% from the prior quarter, driven by higher earning asset yields from the growth in commercial real estate and commercial and industrial lending. The increase was further supported by an improved funding mix, including lower-cost interest-bearing deposits and reduced borrowings.

Deposits and Loans

- Deposits increased 2.3% to \$7.0 billion from the prior quarter and noninterest-bearing demand deposits increased to 31% of total deposits, from 30% for the prior quarter.
- New loan production was \$371.9 million for the second quarter of 2026 at an average rate of 6.59%, while payoffs were \$156.4 million at an average rate of 6.39%.

Asset Quality and Capital

- Asset quality remained strong as nonperforming assets to total assets was 0.12%, an improvement of four basis points from the prior quarter, and nonperforming loans to total loans was 0.15%, also an improvement of four basis points from the prior quarter.
- Hanmi returned 58% of second-quarter net earnings to shareholders in the form of \$8.3 million in dividends and \$5.2 million in share repurchases; capital ratios remained healthy with tangible common equity to tangible assets⁽¹⁾ at 10.03%.

LOAN PORTFOLIO

\$6.54 Billion Loan Portfolio

(as of June 30, 2026)

Note: Numbers may not add due to rounding.

(1) Includes syndicated loans of \$372.1 million in total commitments (\$474.6 million disbursed) across C&I (\$471.3 million committed and \$389.0 million disbursed) and CRE (\$100.8 million committed and \$85.6 million disbursed)

(2) CRE is a combination of investor (non-owner), Owner Occupied, Multifamily, and Construction. Investor (or non-owner occupied) property is where the investor (borrower) does not occupy the property. The primary source of repayment stems from the rental income associated with the respective properties. Owner Occupied property is where the borrower owns and occupies the property. The primary source of repayment is the cash flows from the ongoing operations and activities conducted by the borrower/owner. Multifamily real estate is a residential property that has 5 or more housing units.

(3) Residential real estate is a loan (mortgage) secured by a single-family residence, including one to four units (duplexes, triplexes, and fourplexes). RRE also includes \$0.8 million of HELOCs and \$5.0 million in consumer loans.

(4) Weighted average LTV and weighted average DCR calculated when the loan was first underwritten or renewed subsequently.

(5) \$84.0 million, or 18.3%, of the CRE multifamily loans are rent-controlled in New York City.

(6) Includes \$234.2 million of loans to nondepository financial institutions (NDFIs), principally mortgage credit intermediaries.
